## In Operation Pretense

### 3rd Hancock supervisor indicted

By **BRENDA HEATHCOCK**  
Former Hancock County Beat 5 Supervisor James N. Travirca was arrested and charged Friday after

being indicted for bribery, mail fraud, extortion and conspiracy. The five-count indictment alleges Travirca received kickbacks of \$500 and \$700 and receiving in cash approximately \$1,200 "from persons or organizations other than his employer for or because of defendant's conduct in transactions and matters or a series of transactions and matters involving \$5,000 or more concerning the affairs of Hancock County."

According to the indictment it was a part of a scheme to defraud and obtain money and property by means of false and fraudulent pretenses, representations and promises that:

"On or after Nov. 1, 1984, defendant received \$500 in cash as a 'kickback' from a representative of Holiman Equipment Company" for his approval of a \$37,750 bid to the county for a pothole patcher and holding tank.

And "on or after May 28, 1986, defendant received \$700 in cash as a 'kickback' from a representative of Holiman Equipment Company" for his approval of a \$12,400 bid submitted to the county from Holiman for a Terrain King Articulated Boom.

Travirca was arrested by Federal Bureau of Investigation officers in connection with Operation Pretense, a three-year investigation of corrupt county purchasing practices in Mississippi.

Following an initial appearance Friday morning in Biloxi before U. S. Magistrate John M. Roper, Travirca was released on an unsecured \$10,000 bond.

No date has been set for his arraignment.

Travirca is the third Hancock County supervisor to be snared in Operation Pretense.

Former Supervisor Sam Perniciaro pleaded guilty to Operation Pretense charges in November when he appeared in U.S. District

**NATALIE FIELDS**, the four-year-old daughter of Mr. and Mrs. L. D. Fields of Bay St. Louis, was one of approximately 400 area youth who participated in the annual Krewe of Kids parade Saturday in Bay St. Louis. Parade organizer Lisa Coward said there were many more youth in the parade this year than previous years and plans for expanding the Krewe of Kids carnival festivities in 1989 include the organization's first ball. **DISCUSS LITTER PROBLEMS**—Several local officials met Friday at the Hancock County Chamber of Commerce office to discuss litter problems throughout the county. Those attending the roundtable discussion included, from left, Hancock County Justice Court Judge Lee Klein, Supervisor Robert Peterson, Walter Beebe, Port and Harbor commissioner; Supervisor Ronald Cuevas; Bill Johnson, county maintenance superintendent; Michael Haas Sr., Youth Court judge; John Chevris, Cities of Bay St. Louis and Waveland Judge; John Scaffide, Bay St. Louis City Attorney; and Bay Police Chief Ray Murphy. Others attending were Super-

visor Mike Ladner, Justice Court Judge Joseph Dobson; Bay Mayor Victor J. Frankiewicz Jr., Hancock Sheriff Ronald Peterson, Waveland Police Chief Donald Dora; Hancock County Prosecutor John Genla, Rick Eagan, chamber president; Libby Milner, chamber executive director; and Ellis Cuevas, chamber director and beautification chairman. Litter laws, community involvement, public education, litter collection areas and a general county-wide clean-up were among the topics of discussion. Further discussion is to be conducted at a board of supervisor's workshop meeting this week. (Staff photo by Brenda Heathcock)

**RESTING AMONG PINES**—A Escambia County, Fla. sheriff's car rests on its side in the midst of several of young pine trees on Interstate 10 in Hancock County late Wednesday following a one-vehicle accident. The accident occurred as one of two prisoners, who were being transported from New Mexico to Florida by police officers, tried to overpower a police officer and the driver lost control. A prisoner also tried to steal the vehicle of a motorist who stopped to offer assistance, according to

Mississippi State Trooper Houston Dorr. The two prisoners were treated for cuts and bruises at the Hancock Medical Center and transferred from the Hancock County Jail to Pensacola Thursday. A police officer who suffered a broken back in the accident was transported by helicopter from HMC to a Florida hospital Thursday. Hancock County sheriff's deputies assisted the Highway Patrol at the accident scene. (Staff photo by Ellis Cuevas)

## Bay school district gets good report card

By **BRENDA HEATHCOCK**  
The Bay St. Louis-Waveland School District received a "fantastic, great" report from recent State Department of Education accreditation visitors, Superintendent Roger Oge told school board members Friday.

"The report on special education, vocational and general accreditation from the on site visit will be one of the best reports around," he quoted the state department team as saying.

Oge told the board the accreditation team said the report on the Bay school district would be a "super report."

Oge also reported the accredita-

tion visitors said they found that school operations were meeting or exceeding state department guidelines.

Major problems are basically related to lack of space and the public's indulgence in passing the bond issue will help the school keep accreditation, according to a report by the visitors.

Oge also told the board, the accreditation team understood the problem of lack of space and realized that the needed space would be available when the building program is complete.

Also at the meeting Oge recommended several school administrators for positions in the 1988-89 school year.

Roger James, James Baldree, W.J. Cameron and Woody Alliston were unanimously approved as principals for the next school year.

A recommendation for Billy Rhodes, who has been serving as principal of Bay Senior High since the retirement of Frank Ladner, received two votes in favor and two opposing votes.

Board members Betty Diboll and Danny Carter voted in favor of the recommendation and Linda Penrose and Reginald Robinson voted nay.

Board member Charles Benvenutti was away from the meeting at a medical emergency when the vote was taken.

Later in the meeting when Benvenutti returned Oge requested the board to reconsider his recommendation for Rhodes as principal.

School board attorney Lucien Gex advised the board not to reconsider the motion.

Rhodes was later approved as an assistant principal for the next school year.

A letter signed by 22 faculty members at Bay Senior High and supporting Rhodes as principal was submitted to the school board.

Teachers attending the meeting also addressed the board in favor of

the recommendation for Rhodes as principal.

Gale McRaney was approved as an assistant principal with three favorable votes and Penrose voting nay.

The board also approved a change in the school calendar which resulted in faculty, staff and

students getting an extra day of Mardi Gras holidays.

An inclement weather day which was included in the schedule in the event schools were closed due to bad weather was removed from the schedule and listed as a holiday for Ash Wednesday, Feb. 17.

## KORP parade set 1 p.m. Tuesday

The Krewe of Real People will parade 1 p.m. Tuesday, Feb. 16 in Bay St. Louis.

### SHORT STORIES

"American Playhouse" celebrates American heartland families when ETV presents adaptations of short stories by Mary E. Wilkins Freeman and John Updike at 9 p.m., Wednesday, Feb. 17.

Freeman's "The Revolt of Mother" chronicles a woman's (Amy Madigan) revolution against her husband's neglect of his family.

Updike's tale, "Pigeon Feathers," follows young David (Christopher Collet) as he searches for answers about his soul's immortality.

**CATCH BASIN**—Bay St. Louis city employees, from left, Shawn Henderson, Eddie Clark and Darrel Hardie renovate a catch basin on Main Street. This work should improve the drainage of storm water in this area, according to Department of Public Works Supervisor Norbert Redmond. He also said this project would be completed this week, weather permitting.

## United States Air Force needs nurses

**GALVESTON, Texas**—Does advanced training in specialty areas, continuing education, timely promotions, opportunity to travel to different parts of the world, 30 days paid vacation and comprehensive medical and dental care appeal to you?

If they do and you qualify, the United States Air Force Nursing Corps has a place for you.

The Air Force is looking for registered nurses from baccalaureate nursing programs to become commissioned officers. They are being sought to provide quality health care in a variety of clinical settings. Nurses with experience in mental health, anesthesia, operating room, and other clinical specialties are also eligible to apply for a commission.

"The Air Force offers a very progressive nursing program and many opportunities for personal and professional growth," said Captain Cynthia Norris, Chief of nurse recruiting here.

"The initial three-year commit-

ment begins with commissioning, usually as a second or first lieutenant based on educational background. New nurses attend a two-week orientation course where they learn about their roles as Air Force officers and how they fit into the Air Force mission.

From the beginning of their Air force careers, nurses take an active part in planning their futures. "The Air Force Nurse Corps is interested in the individual's goals and aspirations," said Norris. "Nurses can attend educational seminars and workshops conducted at military and civilian installations and are encouraged to continue their formal education through local colleges and universities."

Norris added that, "the Air Force has several educational programs, such as the G.I. Bill and tuition assistance, which will help pay the cost of advanced education. The professional growth is hard to match."

"These opportunities are just a sample of what you can expect as an Air Force officer," said Norris. "If

you are interested in pursuing an exciting career, contact Technical Sergeant Willie Reyna at 713-661-5517 (call collect if out-of-town)."

### Card of Thanks

From: Chief Andrew Lizana  
To: Donors and supporters of the 1987 Hancock County Doll and Toy Fund

Dear donors and supporters,  
We, the personnel at the Bay St. Louis Fire Department, would like to publicly express our heartfelt appreciation to all those who assisted in making the 1987 Christmas Hancock County Doll and Toy Fund the most successful ever.

Thanks to you, our supporters, we were able to provide at least one new toy and several good used toys to 1,183 children of Hancock County. We collect good, used toys throughout the year and these help us to supplement the new toy, giving each child more presents to open.

Working together on this endeavor, I feel, gives us all a great sense of satisfaction, and I look forward to our future efforts.

A special thanks goes to our sponsor, the United Way of Hancock County. Working together we can help so many.

Cordially yours,  
Andrew Lizana  
Chairman  
Hancock County  
Doll and Toy Fund

## Evaluation of MPC shows no change in rates

Mississippi Power Company's rates will remain unchanged under a Performance Evaluation Plan report filed with the state Public Service Commission for the fourth quarter of 1987.

This is the sixth quarter in a row that the plan has shown no changes in rates for the Gulfport-based electric company, the only utility in the state operating under the experimental plan.

"Under the plan, our financial condition and overall performance as a company are reviewed each quarter," said Ed Blakeslee, MPC's vice president of marketing.

"Based on this review, rates can go up or down a maximum of two percent or remain the same. The last six reviews have called for no change in rates."

The company is scored each quarter in seven areas of operation, including frequency and duration of power outages, safety, rate comparisons with other utilities and how efficiently generating plants are run. The company's performance record and an industry average of stockholder returns are used to establish an allowable earnings

range for the utility's stockholders each quarter.

For the fourth quarter of 1987 MPC scored a 7.31 out of a possible 10 on performance on a scale where 5 is considered average.

The company's return on equity, or what stockholders could expect to earn on their investments, was 13.4 percent. Because this fell within the allowable return range of 12.7 to 14.7 percent for the fourth quarter of

1987, there was no change in rates.

"Our customers today are paying seven percent less for electricity than they were in 1983," Blakeslee said. "Our rates will continue to be some of the lowest in the nation and we will continue to work to maintain above average performance scores for our customers."

The next report will be for the first quarter of 1988 and must be filed for PSC auditing by early May.

## ETV honored for literacy work

Mississippi Educational Television was recently honored for its contributions to literacy in Mississippi by the Mississippi Reading Association.

The association, which is composed of reading teachers, college professors and others interested in improving reading skills, presented a special award for the variety of activities that ETV has undertaken to improve literacy.

Among programs that were cited by the association were instructional television series that teach basic reading skills and promote reading

incentive. Prime-time programming that offers civil literacy awareness and programs in adult basic education and literacy skills were also praised.

The statewide network was commended for its efforts to bring public awareness to the problem of illiteracy, especially through its involvement in PLUS (Project Literacy U.S.), a public outreach project of the Public Broadcasting Service and ETV designed to inform the public about adult illiteracy and encourage local literacy programs.

## Program combats arson, insurance fraud

Arson continues to spread like wildfire in Mississippi, and insurance fraud is fast becoming a serious problem. Both are costing homeowners, property owners and businesses in increased insurance rates.

Since 1979, the Mississippi Insurance Council, in cooperation with the State Fire Marshal's Office and local law enforcement agencies, has sponsored a "Cash for Hot Tips" program to combat the arson problem.

Now the cash award program has been extended to include insurance fraud. The public is encouraged to come forward with information on arson fires and incidents of insurance fraud.

Up to \$1,000 can be paid for information leading to the apprehension, indictment and conviction of any person or persons responsible for the destruction of property by fire or explosion or for fraudulent insurance acts. The Mississippi Insurance Council provides funds for the cash rewards. Information on arson and insurance fraud should be reported

to telephone number 0-359-1061. The report can be kept confidential.

According to Mississippi Insurance Council Chairman Jim Jenkins, "Since the program began, over \$11,000 has been paid out in cash rewards where information resulted in arrests and convictions. Convictions are the best deterrent to arson and insurance fraud crimes. We hope the public will become more aware of this program and will help by furnishing information when they have knowledge of these crimes."

In 1987 the State Fire Marshal's Office investigated 777 suspicious fires, of which 459 were found to be of incendiary origin. The department turned over 374 of these cases to local law enforcement agencies, which has resulted in 86 arrests.

This number will increase, as many of these cases are still under investigation. The value of the buildings and contents was \$56 million. The known insurance coverage on these properties exceeded \$44 million.

Mississippi is 15th in the nation in

fires and first in fire deaths in proportion to its population. It is estimated that one out of six residential and commercial fires in Mississippi is suspected to be arson.

It is estimated that one out of ten insurance claims is fraudulent and is increasing insurance premiums by 10 to 25 percent.

These statistics dramatize the magnitude of the problem in Mississippi. By coming forward with

information on suspected arson and insurance fraud, the public can play an important part in helping solve this problem," stated Mississippi Fire Marshal George Dale.

## Quotables by CUEVAS

A very important public meeting for area commercial and recreational fishermen is scheduled for 7 p.m. Thursday night at the Hancock County Courthouse in Bay St. Louis.

The meeting is to be conducted by the Mississippi Department of Wildlife and Conservation and Bureau of Marine Resources.

The main topics for the public meeting will be size restrictions and bag limits on saltwater fish in Mississippi.

Now we know there are a lot of recreational as well as commercial fishermen residing in Hancock County and are hoping there will be a big turnout.

Whether we realize it or not, fishing is not the same in Mississippi waters as it was two, five or 10 years ago.

As one resident was telling me Thursday night, it may not be too long before mullets may be a thing of the past, not to mention the plight of the redfish and few in numbers of speckled trout.

We hope to see you at the meeting.

Further information about the meeting can be obtained by calling BMR at 864-4602.

Come Tuesday and Mardi Gras will be a thing of the past for the year of 1988.

Today the Annual Mardi Gras Parade in Pass Christian will begin at 1 p.m.

We know there are several groups from Hancock County who are annual participants in the Pass parade which has probably the largest number of floats as any parade along the coast.

On Tuesday, Mardi Gras Day will be celebrated in Bay St. Louis with the Krewe of Real People parading at 1 p.m.

We are told the Krewe of Real People will offer the largest parade ever for the organization.

We hope there will be a large group of spectators viewing the parade.

We hope to see you at the parade.

## News from the Capitol City

Mississippi  
Reporting Service

By Ellen Ann Fentress

House passage of a resolution leading to a new state constitution dominated the week at the Capitol, while action has been slow on other issues scheduled to be addressed in the 1988 legislative session.

As the four-month session enters its second month, the floor vote on the new constitution marked the first major floor vote of the session on part of new Gov. Ray Mabus' legislative agenda.

Also last week, legislators continued to express skepticism over Mabus' financial blueprint to provide teachers average \$3,700 pay increases in answer to a campaign promise to raise state teacher salaries to the Southeastern average.

On the constitution front, the House spent seven hours in debate on Tuesday before voting 83-37 for a Nov. 8 statewide vote on whether to rewrite the state Constitution of 1890. During the debate that lasted into the night, the House eliminated several provisions of the original bill and House members were forced in casting record votes on subjects as varied as a lottery and right to work law.

The bill calls for a statewide vote on Nov. 8 on whether to call a constitutional convention. If voters approve the idea, the 122 delegates would be elected in June 1989 from the 122 Mississippi House of Representatives' districts. The convention would convene in July. The convention recommendations would be submitted by Dec. 1, 1989.

Opponents of the bill are an assorted coalition, taking in both conservative whites, concerned over upsetting the state's status quo, and some black legislators who fear blacks will have too small a voice in any convention unless the governor is allowed to make appointment additional delegates to increase the proportion of minorities. The House also resisted attempts to insert a quota system in the election process.

Before the bill won approval in the House, legislators voted on guaranteeing the presence of several different sections in a new constitution. Representatives turned down an attempt to guarantee a prohibition against lotteries in a new document. The measure failed 45-72.

But House members did mandate that several other ideas be part of a new constitution, including property tax breaks for homeowners, called homestead exemption and requiring

a 60 percent majority before the Legislature approves any tax bill. Interestingly, the House nixed including a right to work section in a new constitution, a section that would forbid mandatory union membership to work in some industries. The House defeated the right to work measure 49-70.

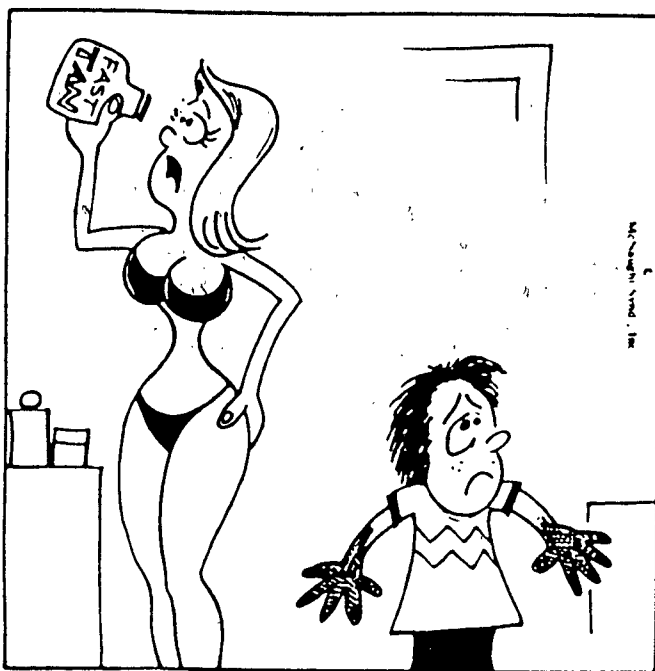

The next stop for the constitutional referendum bill is the Senate, where a hearing is scheduled and a Feb. 9 floor vote planned on the House-passed bill.

Meanwhile, Mabus' teacher pay raise budget plan is meeting skepticism in the Legislature. The House Appropriations Committee met with Mabus aides last week to discuss the Mabus plan, revealed several weeks ago. Mabus maintains that the state can pump an additional \$200 million into education without raising taxes by planning for unexpectedly higher tax collections, freeing some rural road funds by issuing bonds instead of paying cash for the program and cutting some other state spending.

House  
HB 317. House voted 65-54 to table a motion to recommit the new constitution legislation back to committee. A "yes" vote means favoring a vote on the constitution bill. Compretta, yes.

## Mississippi House Of Representatives

REPRESENTATIVE-ELECT  
J. P. COMPRETTA

JACKSON— A multi-million dollar boost in state revenue estimates has been approved by the Legislative Budget Committee for the coming year as Mississippi lawmakers continue working on such key issues as teacher pay raises, a mandatory county-unit proposal, and an increase in state Medicaid funding.

These were among numerous bills discussed in the House of Representatives last week as legislators completed the sixth week of the 125-day session. While most of the attention has been on committee work so far, a steady increase in floor action is expected in coming weeks.

A House subcommittee hearing was scheduled this week on the teacher pay bill recommended by Governor Ray Mabus. The legislation, if enacted, would mean an average pay hike of about \$3,700 annually, and escalate teacher salaries in Mississippi to the present Southeastern average.

Another subcommittee hearing was planned this week in the House on bills that could require a "unit" system of road and bridge management in all 82 counties. A number of counties, including Hancock County, already operate under a unit system, but the majority still use the beat system where road and bridge management is handled by individual supervisors within their own beats.

Most of us in the Legislature agree on the importance of education to Mississippi's future and would like to see teachers get a substantial salary increase. But, I have concern about financing the Governor's proposals without adversely affecting other needed programs or relying too heavily on non-recurring revenues.

We received an encouraging report last week regarding the state's financial condition and improving budget outlook. Fiscal experts confirmed that revenue collections are exceeding budget estimates and might reasonably be expected to continue at a higher level in the coming fiscal year starting July 1.

The Legislative Budget Committee and the Governor's Fiscal Management Board agreed jointly to boost revenue estimates by an overall \$145.5 million, including increases of nearly \$73 million for both the current year and next fiscal year.

The new estimates are about \$41 million higher than the projections included last month in the Governor's budget proposals. Even with the increases, however, money still is expected to be tight measured against the needs of state agencies,

institutions and schools.

An item of particular concern to many lawmakers has been proposals to use non-recurring or "one-time" sources of revenue to finance continuing programs, such as teacher salaries. According to a staff analysis by the Legislative PEER Committee, the Governor's budget recommendations include more than \$147 million in non-recurring revenue to help fund a proposed \$198 million increase for education programs.

In other recent developments, the House Public Health and Welfare Committee recommended raising the legal maximum on state Medicaid expenditures from \$90 million to \$100 million a year. The bill also must go to the Appropriations Committee before reaching the full House.

Subcommittee hearings were held on several bills, including a proposal to abolish the fee system for payment of circuit and chancery clerks and set up a salary scale based on the county's population. The proposal drew strong opposition from several clerks at the hearing.

A number of mostly non-controversial bills were approved by the House during the past week, including a measure to continue the Mississippi Physical Therapy Board. The board is due to be repealed in December if not extended. Also approved were bills to ensure that bonds issued under a 1987 bond refinancing act are not counted against the bond debt limitation on counties and municipalities; to make it easier for National Guard members to buy distinctive National Guard auto tags by presenting a Guard identification card; and designate a portion of Highway 309 in Marshall County for slain Sheriff Osborne Bell.

### Cedar Rest Cemetery graffiti a long-standing problem

Feb. 9, 1988  
Editor  
Sea Coast Echo  
Bay St. Louis

Dear Sir,

Am just today in receipt of my copy of your paper, 'The Sea Coast Echo' dated Jan. 21. In that issue you devote a good portion of the front page and two other inside pages, (3 and 6A) to a photo story about graffiti on the wall and tombstones and tombs in Cedar Rest Cemetery.

Your story shows and states that city workers were paid to clean up the mess and that the city police were conducting an investigation. That is all well and fine and as it should be, and I congratulate all of you on a job well done.

However, I also find it all to be discriminating and totally unfair! I say this because some of us with deceased relatives interred in the middle section of Cedar Rest Cemetery have been fighting this graffiti thing for the past four to five years and not once has the Sea Coast Echo mentioned anything about it, much less shown a picture of it! Nor did the city ever send city employees to clean up the mess. And to my knowledge there has never been a police investigation. Is it because it was not seen from the street, so it didn't matter to you people?

But the moment it is done to the front section where everyone can see it, something is done about it the very next day! If that is not discrimination and unfair, I don't know what would be!

I am referring to the tombs of Whitney, Johnston, Lizana and graves of Agnes and George Johnston and the Pucheu's and a few others in that area in the midsection

near the McDonald warehouse.

I know that I and other relatives have devoted much time to cleaning up such mess. Not only has it taken time but also a lot of energy and money. And not once in all those years did the city put out money to buy paint and brushes nor pay a city employee to clean it up.

Because we would like for Whitney and our parents and grandparents to have a grave site free of this graffiti, we would like to break up the cement which means moving Whitney.

I and other relatives have offered Whitney's mother another burial site by other relatives, and also to help pay the cost of relocation and we receive no response from her.

Now we are not certain of her whereabouts and offer the same thing. If anyone who reads this knows or can contact Virginia Breland Johnston, please tell her our offer is still good, and we will do everything possible to help her through this. She needs to sign papers to make it legal for us to do this.

Also, I and other relatives are offering a \$200 reward for any information leading to the arrest and conviction of whoever has been doing the graffiti.

Perhaps whoever is doing it is not aware of the seriousness of their act. It is against the law as well as an insult to the living relatives, and it is also desecration of the graves of the deceased—and it is punishable by fine and imprisonment!

So please, anyone out there knowing anything about the graffiti in middle section of Cedar Rest Cemetery, please tell us.

M. Margaret Johnston  
and other relatives of  
Agnes and George Johnston

### Bay St. Louis sales tax hike will drive shoppers to Waveland

Feb. 6, 1988  
Sea Coast Echo  
Bay St. Louis  
Gentlemen:

I read your issue of Feb. 4.

1. Re Mayor Frankiewicz's idea that the property tax taxpayer can be spared increases in property taxes by a ½ cent sales tax increase.

I am not a direct property taxpayer. I have transportation by courtesy of the Hancock Senior Citizens. I get a ride to the grocery once a week. (I donate \$1 for the service).

Being a citizen of Bay St. Louis, I shop only at the two groceries in Bay St. Louis.

The Waveland people go to the

Waveland groceries. Now, Gentlemen, will I be able to shop in Waveland and save the extra sales tax?

2. Re the Welfare Building. I wrote last year. Why not use the old hospital building. I even went to a supervisors' meeting to voice my idea. No action.

That building is big enough for welfare, county agent, homemakers, social security, unemployment, employment, and any other citizen service.

Why let it go into another deserted building for fire bugs?

Sincerely,  
Virginia C. Watt  
Bay St. Louis

### Government actions in Israel termed the second Holocaust

Feb. 10, 1988  
Editor  
The Sea Coast Echo

Dear Sir,

A second Holocaust is happening, is well covered by the media, but world leaders and our own senators, congressmen, presidential candidates, etc. have not tried to intervene. Not a word!

Think about it: unarmed people being murdered, secret police in the night, newspapers being closed, second-rate schools and living conditions, etc.—and not a word.

When South Africa was rife with civil unrest due to Apartheid it seemed that every black organization, every Jewish organization, various Christian groups, many U.S.

political leaders and the media were really on their case.

Since it is the Jews with their own form of Apartheid in Israel, and our people in power, all our political action groups, all our editors are being mum—quiet as the proverbial church mice.

Are they afraid African Jews will cut off their purse string? Is it just money that makes politicians and the media speak out for truth, justice and freedom?

Perhaps I'm naive but our government is dedicated to human rights or is that true only when we're trying to please certain factions of our voters?

Best regards,  
Royce P. Kaupp

**LITTER BIG CONCERN**—Hancock County Sheriff Ronald Peterson, left, talks with a group of local officials about the seriousness of the litter problem and how this needs to be addressed by all concerned citizens. Also attending the meeting Friday was Hancock County Justice Court Judges Joseph Dobson, center, and Lee

Klein. The group met at the Hancock County Chamber of Commerce office to discuss the many problems of litter in the entire county. Further meetings are to be scheduled to further discuss ways to make it easier for citizens to dispose of trash and garbage. (Staff photo by Brenda Heathcock).

## General Nguyen Cao Ky honors Vietnam vets

The Gulf Coast Vietnam Veterans Association dined at the Bay Waveland Yacht Club, Bay of St. Louis.

Featured speaker was General Nguyen Cao Ky, former vice-president of South Vietnam and General of the South Vietnam Air Force.

The general said he felt at home among soldiers and offered his support to the Gulf Coast Memorial Committee, saying to the wives of veterans, "The sacrifices of your husbands are not in vain."

Mayor Victor Franckenwicz of Bay St. Louis presented General Ky with honorary citizenship to Bay St. Louis, pointing out the accomplishments made by the Vietnamese communities on the Gulf Coast.

Mayor Gerald Blessey of Biloxi welcomed the Vietnamese Veterans from the Gulf Coast and New Orleans.

Senator Gene Taylor spoke of the sacrifices of Vietnam Veterans and the commitment of state government to honor them, passing Bill No. 614 designating highway I-10 as the Vietnam Veterans highway to honor the 637 Mississippi dead and 18 missing from the Vietnam War.

Other honored guests were Sheriff Ronald Peterson of Hancock County, An Van Vo, aide to the General, and "Jimmy" Tong Nguyen, liaison to the mayor of New Orleans.

## Senator says Contra aid important to keep pressure on Sandinista regime

Senator Thad Cochran (R-Miss.) says continued United States aid to the contras is important in keeping the pressure on the Sandinista regime in Nicaragua.

"Pressure from the contras, the Nicaraguan freedom fighters, is the one thing that has forced concessions from the Sandinistas," Cochran said, "and we need to keep the pressure on to help the peace process in Central America."

Cochran, a member of the Senate's Special Central America Observer Group, said he feared that cutting off U.S. support for the contras would encourage the Sandinistas to "refuse to follow through on the promises they have made for

some democratic reforms in that country."

He noted that "progress has been made in recent months, in recent years, for democratic reform in Central America."

"We need to help continue this process, and to bring Nicaragua to a more democratic system of government, so the people of that country may have an opportunity to stabilize their economy and improve their way of life."

Cochran warned that stopping U.S. aid to the contras might also encourage the Sandinista regime to continue its military buildup, to export revolution and violence to

neighboring countries, and allow the Soviet Union and other Communist bloc countries to use Nicaragua as a major base of operations in the Western Hemisphere.

"We don't need a Communist beachhead on the American continent, only a few hundred miles from our own Gulf Coast," he commented.

The Senator's remarks came after the Senate voted, 51 to 48, to authorize \$36.2 million in new assistance to the contras.

The whole issue remains in doubt, however, since the House earlier voted down the aid package, by a vote of 219 to 211.

## Mississippi Business and Industry Expo '88 scheduled

Helping Mississippi Business Do Business will be the theme of the Mississippi Business and Industry Expo '88 to be held on April 22-24, 1988 at the Mississippi Trade Mart. The Expo is sponsored by the Mississippi Department of Economic Development as part of Salute to Business and Industry Month activities.

"The creation of jobs for Mississippians is one of my primary concerns that job starts at home by paving the way for expansion of existing businesses and industries in our State. For this reason, I have proclaimed the month of April as Salute to Business and Industry Month in Mississippi," said Governor Ray Mabus.

While the Expo has been produced by MarketSouth Productions of Jackson since 1984, 1988 marks the first year of MDED involvement. Contributing sponsors of the Expo '88 are the Mississippi Press Association and the Mississippi Broadcasters Association.

The all-Mississippi show will be divided into sections for retail and

wholesale general dealers; for manufacturers; and for service companies, municipalities, government, and institutional exhibits. One of the goals of the show is to highlight Mississippi manufacturers and Mississippi-made products.

"The purpose of the Salute to Business and Industry program is to strengthen the bond between business, industry, and the community, while encouraging further growth and development in the State," says Henry K. Buck, In-State Development Manager of the Mississippi Department of Economic Development. "We're convinced the Expo will assist the department's effort to promote economic activity in Mississippi. The show represents a unique business opportunity for Mississippi manufacturers, distributors, businesses, and organizations, and we are proud to be a part of it."

James H. Watts, the Expo show manager said, "The Mississippi Business Expo is experiencing tremendous growth. It's going to be big and it's going to be effective. It's

all about creating economic activity from Mississippi's own resources and I don't think that any one can argue with the value of that."

## In-vitro quadruplets celebrate first birthday

NEW ORLEANS—Chances were very slim that Susan Roland would conceive quadruplets when she underwent in-vitro fertilization.

A year ago, Jan. 15, 1987, Susan and her husband, Jim Roland, became the proud parents of Louisiana's first "test tube" quadruplets at the Ochsner Medical Institutions in New Orleans. The quads became only the sixth set in the world to be conceived through in-vitro fertilization.

A year later, Susan Roland looks back.

"It's been a constantly changing experience for the past year," she says. "We had so many babies at one time that we were forced to move to a much bigger house with a kitchen that would hold four high chairs." The turning point she says, was when the quads could each hold their own milk bottles—"a major feat."

Another milestone occurred a few months ago when they were finally able to sleep through the night without waking up.

"Maybe they looked into my face and saw that I was tired and they didn't want to push their luck," she jokes.

The quadruplets: Ariel Anne, Laura Alice, Jacob Wilson and William Macon, are friendly and cooperative children, but are as different as "day and night."

"Jacob is the real show off and takes over the leadership role. He doesn't know what the word stranger means," Macon, she says, has the biggest smile. "He sits around the house making funny little faces at everything and blowing bubbles." Ariel is the quietest of the four. "Yet, she loves to sing and can occupy herself longer than the others. Laura is always in action, always in high gear, on the go."

On a typical afternoon, mom and children play games, take walks, read books, stroll in the park, play ball, sing together and wait for dad to come home.

"Jim is prouder than he has ever been. I don't think his feet have ever touched the ground," says Susan. "He can't stand it when they are all asleep." Jim, according to Susan, is great at changing diapers, feeding and playing with the children and taking the time to do whatever is necessary around the house. "When you have four babies, you've got to have a good dad." A good paycheck is also necessary.

In a typical week, the Roland quads go through 200 diapers costing around \$225 a month. Milk consumption is up to nine gallons a week. "The milkman loves us." Nearly 200 jars of baby food are consumed per month. Add to that other essentials, and the bill gets quite high.

A couple of years ago, the story was not so happy. For several years the Rolands battled infertility caused by a blockage in Susan's fallopian tubes. As a last resort, they decided on in-vitro fertilization.

In-vitro fertilization is the process by which the egg is fertilized outside the body, producing what is commonly referred to as "test tube babies" for parents who cannot have children otherwise. Multiple births sometime happen, but the process is aimed at single births.

## UNO continues motion sickness study

The second phase of a research study on motion sickness is being started by the University of New Orleans, in conjunction with the Naval Biodynamics Laboratory.

Anyone prone to motion sickness, wishing to participate in the study, is asked to call the UNO psychology department, 286-6291. Participation is free to those selected.

Findings from the first phase of the study, begun in August, 1986, indicate that visually induced motion sickness can be overcome through resistance training, said James G. May, UNO professor of psychology and project director.

"People who get car sick, sea sick, air sick or woozy on amusement park rides can be trained to cope with these feelings of disorientation," May said. "Our research involves the visual stimulation of motion and the methods by which a person can keep himself oriented."

None of the procedures involves drugs or gross discomfort, he said.

## ETV Brief

### KARL MALDEN

A father and son come to loggerheads when the son's desires fall short of his father's ambitions for him in ETV's "American Playhouse."

Karl Malden stars on the strong-willed father who is determined his son will become an architect in "Billy Galvin" at 9 p.m., Wednesday, Feb. 24.

"When we found out that I was going to have four babies, we started to worry. We thought there was no way I could carry that many babies without them having severe health problems."

Because of the concern, the Rolands researched hospital facilities across the nation, looking for the best care and medical specialists to take care of their children. Jim talked to 20 perinatologists and neonatologists, and then it was decided to come to Ochsner because of Dr. Al Robichaux, a maternal fetal specialist, and because of the number of neonatologists on the Ochsner staff. "We were impressed with Dr. Robichaux's credentials and also felt we needed one neonatologist for each baby at birth."

The birth was a success and within weeks the quads were allowed to leave Ochsner, amid a crowd of curiosity-seeking news media and other well-wishers.

Once home, the Rolands received help from friends and family during the first few months. They also hired child-care workers to help care for the babies, including a registered nurse. After four months, Susan felt a little more adjusted and took over the major responsibility for caring for the children.

Her mornings are now devoted to their care. Two to three afternoons a week, she tends to business at Fireside Antiques in Baton Rouge, where she is co-owner. "I have busy weeks, but wouldn't want it any other way," she says.

When Susan wishes for more babies, her friends ask if she is considering seeing a psychiatrist. "Yeah. It makes me laugh too, because at the end of a typical day, I'm exhausted. That's when I wonder why I say those things. Then I think how lucky we are to have four healthy babies. That's what gives me energy and dreams for more."

## Strengthening stepfamilies is topic of Parenting Center class

Stepfamilies often encounter parenting problems unlike other families. Problems erupt between children and parents while trying to cope with the everyday stresses family life involves. The Parenting Center at Slidell Memorial Hospital is offering a one-night class to help people living in stepfamilies. The free session will be held Tuesday, Feb. 9, at 7 p.m. at Slidell Memorial Hospital.

Fern Halford, MSW, BCSW, will lead the study session. Halford notes that "stepfamilies are unique as a system and understanding and knowing what is OK and what is not OK is essential."

"Many people who enter into a stepfamily try to create the biological family again, instead of re-starting with the stepfamily relationship," she says. "When the parents marry and form the stepfamily, everything that happens is a reaction to this union. Most parents do not realize that it takes almost two years for the family to integrate into a good relationship."

Halford points out that "patience plays an important role for each family member involved."

The session will broaden this concept by helping natural parents,

stepparents, and the children feel more comfortable. Halford will talk about the loss of the biological family and how the feelings and reactions of each family member relate to the loss. She will discuss the contrasts between the healthy stepfamily and the biological family, and explain how the stepfamily can be healthy even while being different.

Halford is a Clinical Social Worker in affiliation with Aptaker Psychological Associates, where she works in family therapy.

The Parenting Center at Slidell Memorial Hospital provides parents and families with helpful seminars and classes designed to improve parenting skills and provide a forum in which parents can share with and support one another.

For more information about "Strengthening Stepfamilies," contact the parenting Center at 646-8529. Pre-registration is requested.

**GUARD FACTS**  
Q. What is the difference between the State Guard and the National Guard?  
A. The National Guard is a dual purpose, federally funded, state operated military organization responsible for the state's security and tranquility. But capable of being mobilized in a national emergency. If the National Guard is mobilized for federal service, the State Guard has responsibility for providing for the state's needs, in cases of natural disasters, civil disturbances and other breaches of the state's security or tranquility.

**PLAYGROUND EQUIPMENT**—City employee Rene Ackerson checks out recently installed playground equipment at the Martin Luther King Park on Washington Street in Bay St. Louis. Installation of new playground equipment in several city parks is a project of the city's Parks and Playgrounds Commission. Bay Mayor Victor J. Frankiewicz Jr. said a ceremony will be conducted when the parks renovation project is complete. Commissioner

Mary Harris has done a great job in spearheading this project, he said. She and other members of the commission recognized the need for playground equipment for the small children in this community and for the first time in more than a decade the city is making major improvements for city resident's children, Frankiewicz added.

## Lutheran Church of the Pines to host Community Day of Prayer

On Friday, March 4, at 10 a.m. The Community Day of Prayer Service will be held at the Lutheran Church of the Pines, 309 Highway 90 in Waveland.

Mrs. Robert Marks, acting president of the Ladies Circle at the Lutheran Church is in charge of the preparations for the observance assisted by other members.

Ministers and members of local churches will participate in this

Ecumenical and Interdenominational service which is open to men and women.

This occasion of joint worship has been held during the Lenten Season for the past thirteen years. It was hosted by the Main Street United Methodist Church in 1975 and 1976; The Lutheran Church of the Pines in 1977, Christ Episcopal Service in 1978; First Missionary Baptist Church in 1979; and the First Presbyterian Church in 1980.

The Main Street Methodist Church again held the service in 1981 followed by the Assembly of God in 1982 and the First Baptist Church in 1983. In 1984 the Word of Faith Assembly hosted the service followed by the Central Baptist Church on Hwy 90 in 1985, and Main Street Methodist again in 1986. Last year's service was in Christ Episcopal Church.

The congregations and ministers of these churches have been most hospitable and the services without

exception have been worth while and inspiring.

Please bring your friends and attend our Community Prayer Service this year. The service will last one hour and the offering is designated for the Ministers Emergency Relief Fund, an organized charitable entity in this county.

Please come and join in the Christian fellowship and pray together for peace.

## Sears announces details of its 'Design The 1988 Wish Book Cover' contest

"Draw our Christmas catalog cover and we'll help cover your college education."

Lonnie Clayborn of Waveland, in Bay St. Louis said the 1988 Spring General Catalog released this month contains a contest challenge for children ages 4-11: 'Design the Cover of the 1988 Christmas Wish Book.'

The grand prize winner will receive a college annuity fund with a guaranteed value of \$25,000 when the winner turns 18.

Entry blanks are available in the Spring General Catalog and at all Sears catalog order desks. Entries must be returned to a Sears catalog

order desk by March 1.

Sears will acknowledge all entrants with special letters of appreciation, declaring each a "Sears Wish Book Artist" and giving them a special iron-on decal to prove it.

Judging will be in three age groups—4 to 5, 6 to 8 and 9 to 11 years.

Every state will have a winner in each age group, for a total of 150 state winners. All winners will receive \$25 Sears gift certificates; see their names and hometowns printed in the 1988 Wish Book, and have their art displayed in the Sears Tower in Chicago during the 1988

holiday season.

From the state winners, three national prize winners will be chosen—one in each age group—and receive trips for themselves and their families to Disney World plus \$1,000 cash.

The grand prize winner will be selected from the three national winners. In addition to the \$25,000 annuity fund, the winner will receive a total of \$5,000 cash—and their winning art will be used to help design the 1988 Wish Book cover.

### Mothers Of Twins

The Gulf Coast Mothers of Twins Club met Wednesday, Feb. 10 at 7 p.m. in the private dining room of Memorial Hospital at Gulfport.

This organization offers information and support to mothers and prospective mothers of twins and other multiples. New prospective members are welcome. More information is available by calling 863-2521 or 863-8649.

### Hancock Women's Club

The monthly meeting and election of officers of the Hancock Women's Club was held on Thursday, Feb. 11 at the home of Julia Loup in Waveland. There were 30 members in attendance.

The membership voted for Lois Cripple to remain as president for her third year. Also elected were Marie Braselman, vice-president; Theda Fischer, secretary; and June Lasker, treasurer.

President Cripple then appointed the following as committee chairmen: Irene Johnston, ways & means; Shirley Jones, publicity; Joyce Hasling, telephone; Julia Loup, sunshine; and Norma Dyer, hospitality.

She announced that, as approved at the last meeting, the club had donated \$100 each to Hancock Industries, the Salvation Army, and the American Red Cross for use in Hancock County.

The door prize was won by Georgia Williams.

After the meeting luncheon was served. Julia Loup, hostess, was assisted by Eleanor Shaw, Iree Johnston, Joyce Hasling, Geneva Gegenheimer, Margie Lange, Lois Cripple and Jeanne Hargett in the preparation and provision of the lunch, which was served on a table decorated in a Valentine theme.

Many of the members stayed on afterwards and played games. Fun and games day will be at 1 p.m., Wednesday, Feb. 24 at the home of Ruth Gallagher, 352 Terrace St., Waveland. This month's activity will be handwork of any sort such as knitting, crocheting, embroidery, hand sewing, or even just a time to gossip and socialize.

Next month's meeting will be held at the Diamondhead Country Club at 11 a.m. on Thursday, March 10 and will include installation of officers.

### A Valentine for the middle years

The child rearing years are considered the middle years in a marriage. Research indicates that these are the years of greatest marital dissatisfaction. Some couples give so much time and effort to their careers and/or children that they have little quality time left for each other.

If romance is your lowest priority, if you spend most of your time talking about the children's baseball practice and ballet classes, if you go for days without verbal and physical expressions of love and appreciation, then you may be falling into the middle years' trap.

Sometimes spouses feel so neglected that they seek out other people for emotional support and physical love.

The middle years are stressful, so a couple must give social attention to their marriage. On this Valentine's Day, resolve that you will begin working to improve your relationship.

►Set aside time everyday to talk to your spouse uninterrupted by children's wants, needs or chatter.

►Get out of the house together at least once a week. Hire a babysitter or trade babysitting chores with friends so you can go to dinner or just take a leisurely walk.

►Spend a weekend alone together once every two or three months.

►Be appreciative of the ordinary and special things your spouse does for you.

►Increase your level of verbal and physical affection. Try holding hands again.

►Improve your sense of humor. Enhance the amount of fun and humor in your life. It helps keep the middle years in perspective.

►Love during the middle years of marriage should be maturing in feeling and expression. However, this does not just happen; you must make it happen.

## Debussy, Mozart, Bach featured on 'Mississippi Concert Hall'

Mississippi musicians performing works by Debussy, Mozart and Bach are featured on the next edition of "Mississippi Concert Hall," Thursday, Feb. 18, at 9 a.m. with a repeat on Sunday, Feb. 21, at 1 p.m. on PRM.  
Joel Harrison, faculty pianist at Mississippi State University, performs five preludes from Book II by Claude Debussy.  
Flute Quartet in D, K. 285 by Mozart is performed by flutist Karen Laubengayer, and violist Perry Combs, both of Jackson, and violinist Brian Gum and cellist Deborah Gum, both of Meridian. This performance was recorded at Jackson State University.  
Violinists Robert McNally of Jackson and Adrian Walker, formerly of Jackson, presently with the St. Louis Symphony, join Sinfonia Mississippi, conducted by Colman Pearce, in a performance of Johann Sebastian Bach's Concerto in d minor for Two Violins and String Orchestra, B.W.V. 1043.

## Vietnam 'Moving Wall' to visit Coast June 4

The "Wall that Heals" is coming to the Mississippi Gulf Coast. Spokesmen Philip Minh Tran and Henry J. Cook, III, announced Friday that the "Moving Wall", the one-half sized mobile replica of the Vietnam Veteran's Memorial located in Washington, D.C. will arrive on the Gulf Coast for a seven day visit on June 4, 1988.

The project to bring the "Moving Wall" here is sponsored by a joint committee made up of members of the Vietnam Veteran's Association

and the Gulf Coast Vietnam Veteran's Association.

The wall will be located at Point Cadet Plaza for its seven day visit and will be open to the public 24 hours a day. A detailed listing of scheduled activities planned in conjunction with "Moving Wall's" visit will be announced at a later date.

Volunteer workers and donations are still needed to support this project and persons or groups interested in participating should contact Henry Cook at 467-2903.

## Artists invited to enter juried watercolor exhibit

COVINGTON—Interested and qualified artists are invited by St. Tammany Art Association of Covington, Louisiana to participate in the Association's Ninth Juried Watercolor Exhibit, scheduled for showing April 10 through May 1.

First, second, and third place awards of \$200, \$150, and \$75, respectively, will be given to best-of-show entries, as selected by Juror Alan Flattmann, artist and author of "The Art of Pastel Painting." There

will also be several Merit Awards. Entries must be original watercolors on paper done by living artists within the past three years. Each artist is permitted three entries. A \$5 fee is charged for each.

For entry forms and detailed information about entry requirements, artists are invited to write or call St. Tammany Art Association, 129 N. New Hampshire, Covington, Louisiana; telephone (504) 892-8650.

## Wastewater district awards county sewerage collection system contract

By BRENDA HEATHCOCK

The Waveland Regional Wastewater Management District authorities Friday voted to award a contract for a sewerage collection system in four sections of Hancock County to B and K Construction, Inc. of Mandeville, La.

This contract is for construction of Segment IV of the wastewater district's expansion project and includes construction of the collection system for Jourdan River Isles, Jourdan River Estates and portions of Garden Isles and Shoreline Park.

John Longo, Waveland mayor and wastewater district president, commented on the assortment of bids received on the project.

"We really had excellent bids and I am super delighted for the residents in the area where the work is to be done," he said.

Bay St. Louis Mayor Victor J. Frankiewicz Jr. said he also was

very pleased with the low bid which is a "good, low price."

B and K Construction submitted the lowest of five bids for the project. This low bid of \$3,480,003 included a telemetry project and was approximately one million dollars lower than other bids submitted on the project.

At \$3.4 million, the project was slightly under the engineer's estimate of \$3.5 million.

"I hope this company is a good contractor because this is a very complicated contract and needs to be done very carefully to be sure it does not tear up everyone's property," Frankiewicz said.

"The project is unusual because a lot of construction will be taking place on private property easements and this makes it particularly difficult to do a job without a lot of disruption," Frankiewicz continued.

The contractor has approximately two years to complete the work after a notice to proceed is issued.

However, work is not expected to begin for several months, Frankiewicz said.

"The delay is due to a tremendous amount of federal paperwork which we must complete with the contractor before construction can begin," he added.

## ETV Briefs

### IS THIS AMERICA?

In many ways, the Mississippi of the 1950s mirrored the South Africa of today. By the end of the decade only 28,000 blacks across the state were registered to vote; Mississippi law denied many an opportunity to participate in democracy.

In an encore broadcast on ETV, the award-winning "Eyes on the Prize" looks at the problems in the state that led to the creation of Citizens' Councils and how blacks responded to lack of representation when "Mississippi: Is This America?" airs at 9 p.m., Monday, Feb. 22.

Viewers will relive the assassination of Medgar Evers, the "Freedom Summer" of 1964 and the murder of three young civil rights workers.

## PRM, ETV to simulcast 'B.B. King at Parchman Prison'

on Tuesday, Feb. 23, at 10 p.m. The concert was taped at Parchman in 1984 and features King performing such hits as "Let the Good Times Roll," "Got My Mojo Working," "In-Flation Blues" and his trademark, "The Thrill Is Gone."

In the program, King explains that the blues are not only sad, but the blues are a way of feeling good by expressing happiness or just venting the bad feelings and blowing off

An encore of "B.B. King at Parchman Prison" will be simulcast in stereo on PRM and Mississippi ETV steam. On stage, King captures his audience with his virtuosity on his guitar, "Lucille," and with his soulful wailing empathy about good times and bad times.

Public Radio in Mississippi, a division of Mississippi ETV, is broadcast statewide, and from Biloxi FM frequency 90.3.

# Johnson, Claggett reign over Krewe of Diamondhead

King Ali'i Honua XIII Charles H. Johnson Sr. and Queen Elizabeth Claggett ruled over the 13th Annual Krewe of Diamondhead carnival ball on Feb. 6 at the Diamondhead Country Club.

King Johnson is president of his contracting company, Charles H. Johnson, Inc.

The main dining room was decorated with balloons, masks, flags and streamers in the traditional Mardi Gras colors of purple, green and gold.

Queen Claggett wore a black gown embellished with gold sequins and

fur. The royal mantle was emblazoned with gold sequins with the official crest of the Krewe of Diamondhead.

King Johnson was attired in a black tunic suit and mantle, carrying the same design and colors of his queen.

The dukes to his majesty were Bill Eckerd, Ted Godard, Charles Johnson Jr. and Ben Doss.

Captain Benny Mistretta proposed a toast to the royal couple. The officers and dukes presented the wife and the mother of the king and the husband of the queen to their majesties. The 1988 King and Queen of

the Sea were introduced, King Akua Kai XIV Ernest Barber and Queen Elizabeth McMurray; along with the 1987 King of NSTL Tom Williams.

Entertainment was provided by 'Southern Exposure' from the University of Southern Mississippi under the direction of Timothy Breland. The theme of their songs and dances was 'Spirit of America.'

Social Lieutenant Bill Neff served as master of ceremony and music was provided by 'Sound Effects.'

Former royalty attending the ball were 1980 Queen Lee Fredian; King Ali'i Honua VIII Tommy Heier and

Queen Hilda Bourg; King Ali'i Honua IX Jerry Bourg and Queen Lorraine Heier; King Ali'i Honua X Vincent Almerica Sr. and Queen Ann Neff; King Ali'i Honua XI Clifford T. Satterlee and Queen Laura Almerica; and King Ali'i Honua XII Stan Robert and Queen Maealys Swartzendruber.

Other crew officers are Vincent Almerico Sr., president; Jerry Bourg, treasurer; Doris Gendusa, secretary; Chris Arnos, parade lieutenant; Ted Godard, ways and means lieutenant; and Hilda L. Bourg, publicity lieutenant.

## Kamehameha Krewe presents annual ball

The Krewe of Kamehameha's Ship of Fools Players entertained guests with 'The Cruise' aboard the Love Boat Saturday, Jan. 30 in the Coral Room of the Diamondhead Country Club.

The room was decorated in Mardi Gras colors, but with a nautical theme. Sand castles and sea shells adorned all tables. Music was by Jay Heitzmann.

Mike Doherty presided for Commodore Ballard, Akua Kai XII as narrator for the opening festivities. King Akua Kai XII Johnnie Barger and Queen Billie Jean Barger opened the procession.

King Akua Kai XIV Ernest "Bob" Barber and Queen Elisabeth McMurray then promenade and accepted the applause of their subjects.

Queen Elisabeth was beautiful in white and silver with a long train borne by her granddaughters Melody and Shawn. King Akua Kai was resplendent in black velvet with gold trim. Following toasts, King Ernest gave his Royal Proclamation.

Dinner was served. Lady Nina

(Cotton), social director, gave the remainder of her 'Academy Awards.'

The tableau began, narrated by Bud Freeman, Akua Kai X. The Love Boat set out for its destination, Paradise, with stops at Tina Turner's performance; Popeye and Olive Oile; a visit to Gilligan's Island; Rub-a-Dub-Dub; The Good Ship Lollipop, True Love; Three Little Fishes; Wash That Man Right Out of My Hair; Bloody Mary, Ain't Nothing Like a Dame; and finally a dance by the 'Beautiful Ladies of Bali Hai.'

The grand finale, with Jeanne Boudreaux leading the entire room, was a singing of our Diamondhead anthem, 'Diamondhead Is Our Best Friend.'

The krewe's parade, by sea up the Jourdan River to the Diamondhead Yacht Club, was Saturday, Feb. 13. The ships, decorated as Nautical Movies, arrived at the Yacht Club at 2 p.m. and met the Land Krewe. A party at the Yacht Club with music by Ray Nobles followed the meeting of the two parades.

## NSTL krewe commemorates 'Oceans...The Source of Life'

The NSTL Mardi Gras Krewe held its sixth annual ball at the Jourdan River Shores Community Center Jan. 30.

His Majesty King William Everard of Waveland was regally attired in white satin tunic encrusted with sequins, pearls and crystals. His train featured a large magnolia blossom encrusted with sequins, pearls, rhinestones and silver trim.

Her Majesty Queen Kathy McIntosh of Waveland wore a white, antebellum gown featuring a large magnolia blossom on the skirt. Her satin gown was encrusted with sequins, rhinestones, pearls and crystals. Her necklace and crown were of rhinestones. Her train matched that of the King.

Distinguished guests seated with the Royal Couple at their table included the commanding officer of NORDA, Capt. Anthony Esau and the Queen's

Mother Mrs. Rosalie Crowell of Picayune.

Returning King was Thomas Lee Williams of Bay St. Louis. Special guests at his table were Mr. Conrad Mauffray, King of Triton; Mrs. Marie Mauffray, Past Queen of Triton; Mr. Jerry Bourg, Past King of Diamondhead; Mrs. Hilda Bourg, Past Queen of Diamondhead and the commanding officer of U.S. Coast Guard, Captain David Withee, Deputy Director of Data Buoy at NSTL, and his wife Mrs. Pamela Withee of New Orleans.

Returning Queen Glenda Simpson of Bay St. Louis had relatives and close friends enjoying the merriment with her at her table.

King William and Queen Kathy are both employed by NORDA located at the National Space Technology Laboratories in Hancock County.

## Berthelot, Coward monarchy at Gulfport Moose Lodge Ball

The Gulfport Chapter No. 1496, Women of the Moose presented their annual Mardi Gras Ball, January 30 at the Gulfport Moose Lodge.

1987 royalty was King Charles Berthelot Sr. of Bay St. Louis and his lovely Queen, Betty Cowart of Gulfport. They were seated to view the tableau that would mark the end of their reign.

The theme for the evening was, "Home is Where Your Heart Is."

The ball captain, Wanda Berthelot of Bay St. Louis, told of the hometowns along the coast where many of the Moose members could and would be happy to call "home." Each place was represented by a Duke and Maid who did not necessarily call "home."

Pascagoula was represented by Alvin Lundy of Biloxi and Barbara Cowart of Gulfport, and called attention to the shipbuilding industry.

Ocean Springs, calling to mind the Indian ancestry dating back to Iberville's landing, was Marvin Matheny and Leola Bourree both of Gulfport.

The city of Gulfport was portrayed by J.Y. Cowart of Gulfport. Maid Shirley Flannagan from Knoxville, accompanied him, bring to mind the Port, Rice Pavillion and Marine Land.

Bay St. Louis was next to be, telling of the wonderful sea food, resort beaches and the NASA facilities, represented by Ray Thomas and Guy Nell Killing both from Gulfport.

The beaches and Yacht Club of Pass Christian was the docking place of the next couple, just off their afternoon cruise. Ricky Thomas of Gulfport escorted his lovely sailing companion Vicki Overal of Bay St. Louis.

Another landmark that many will remember is the Friendship Oad and the campus of USM Gulfport in Long Beach. The duke and maid depicting these were historian Robert Cowart and his able assistant Wendy Thomas. Both reside in Gulfport.

The Mississippi Coast, long called the "Gold Coast," had to have the famous 'Mississippi Gambler,' Russ Delano and by his side his Southern Bell, Helen Bogart. Both are from the old city of Biloxi.

The newest residents on our Gulf Coast, Edward and Jeanne Gunther of Picayune, stepped out in style, portraying the New Orleans past king and queen, where they recently departed from that area to find a new home here.

In the center of all these lovely places, stands the "Home of the Gulfport Moose Lodge," Handsboro. The new King Felix Bourree of Gulfport and Queen Marjorie Wingate of Biloxi, were introduced and will reign for the coming year. King Felix was attended by page Kevin Livings, son of Jeanie and Andrew Livings of Pleneville, and grandson of maid Leola Bourree and King Felix.

Attending Queen Marjorie was page Jessica Armstrong, daughter of maid Vicki and Joseph Overal of Bay St. Louis, and granddaughter of ball captain Wanda and King Charles Berthelot.

Dancing followed with music provided by "The Country Sounds Band" from Bay St. Louis. The musicians were Keith Hoda, Danny Johnson, Pewee Maddux, Bert Courree, and Harry Himmel.

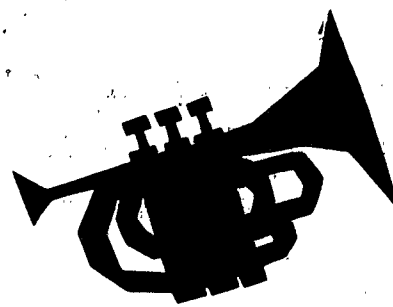

Also attending were Hancock County home economist Darlene Underwood and her husband Bobby Underwood, who is employed by the State Police Department.

## WHAT IS YOUR FITNESS LEVEL?

Slidell Memorial Hospital's "Excellence in Health" screening program can help you identify your fitness level.

We'll test your blood pressure, height, weight, cholesterol level, and your body composition for one \$30 fee.

Body compositions will be done using the latest Valhalla Scientific Body Composition Analyzer. This computer will give your percentage of body fat, pounds of fat, lean body mass, calories needed to maintain weight or to lose weight, and calories used up during certain exercises. An individualized COMPUTER PRINTOUT will be given to every person along with additional health information.

Nutritional and weight loss programs, monitored by our physicians, are available.

Call for an appointment with Dr. L. Kathleen McDonald at our SMH Clinic, 987 Robert Road at 643-3803.

Appointments also available at our Lacombe and South Slidell medical centers.

## Exchange Club focusing on crime prevention practices

Exchange Club of Hancock County is observing National Crime Prevention Week Feb. 14-20.

The club joins 1,200 other Exchange Clubs across the country in the national service club organization's 41st annual focus on crime prevention.

Local club members will be passing out a pamphlet at Choctaw Plaza on Sunday and again on Saturday.

The booklet contains simple, common sense hints on how to protect family, home, and property from

crime.

The suggestions were compiled after surveying police departments nationwide.

"Our primary objective," said Kelvin Schultz, president of the local Exchange Club, "is to show as many people as possible how easy it really is to keep from being victimized by criminals."

"We know from experience that when people practice some of the simple suggestions contained in our

Action file, the incidence of crime-especially property crimes actually decreases."

Schultz said that a resumption of the upward spiral of crime nationwide makes individual attention to crime prevention even more urgent.

The clubs will also be distributing posters and bumper stickers featuring their "Crime Prevention Does Pay!" slogan throughout the community as part of their anti-crime educational program.

## Friendship Oak Chapter, NSDAR

Mrs. D. Kelly Love, state regent of the Mississippi State Society, Daughters of the American Revolution, addressed members of the Friendship Oak Chapter NSDAR when the group met on Wednesday noon at the Ramada Inn, Long Beach.

Mrs. Love's topic was the Centennial of the National Society Daughters of the American Revolution to be celebrated nationwide in 1990. The first meeting of this group, whose number now has reached 210,000, was held on Oct. 11, 1890 with 18 prospective daughters attending. First president general was Carolyn Scott Harrison, wife of William Henry Harrison, who was then President of the United States.

The Friendship Oak Daughters were told by Mrs. Love that the next project to be undertaken by the national society will be the DAR Room at the soon-to-be-restored Ellis Island Foundation in New York Harbor. The daughters distribute more than 30,000 Manuals for Citizenship each year to aliens studying for their citizenship here.

Mrs. Robert C. Willems, vice-regent, announced that Rosalie, the state chapter house in Natchez, would be open during the Spring Pilgrimage on ten special days.

Hostesses for the luncheon meeting were Mrs. James Thomas and Mrs. Hazel Erhard.

### Harrison-Hancock Legal Secretaries Association

The Harrison-Hancock Counties Legal Secretaries Association met Thursday, Feb. 11 at the Golden Corral on Pass Road in Gulfport. Michael Ward, Harrison County Family Court judge, was guest speaker. The Harrison-Hancock Counties Legal Secretaries Association is a professional, non-profit association dedicated to serving legal secretaries, attorneys, courts and the general public.

It is affiliated with the Mississippi Association of Legal Secretaries and the National Association of Legal Secretaries (International). Freda Livingston Harwell of Gulfport received a \$500 first place scholarship.

Glenda Gregory Downs of Pass Christian is second place winner of a \$250 scholarship awarded annually by the Harrison and Hancock Counties Legal Secretaries Association.

Downs is currently studying real estate law at the Gulf park Campus of the University of Southern Mississippi and plans to obtain a degree in paralegalism.

Mrs. Downs is employed by Attorney Julien K. Byrne III of Pass Christian for four and one-half years.

She serves as chairman of the Association of Legal Students of the Mississippi Association of Legal Secretaries, co-counselor for a junior high church youth group, co-chairman of legal education for Harrison and Hancock Counties Legal Secretaries Association, convention chairman for the 1988 Convention of the Mississippi Association of Legal Secretaries, and is a member of the Henderson Point Volunteer Fire Department.

### Pass Christian Garden Club

Steve Kohl, representative of Holly Ridge Farms, was guest speaker at the Feb. 4 meeting of the Pass Christian Garden Club. He spoke on the proposed project of preserving the oaks in War Memorial Park, Pass Christian. Since the trees are in such poor condition, this project will probably take a few years to complete. He asked that he be contacted if any organization or person is interested in this project.

Mrs. Ann Cambell, a representative of the 'Stop the Dump' movement addressed members, urging them to attend the March 11 meeting at 9 a.m. in Chancery Court, second floor of the Harrison County Courthouse. She also asked members to telephone the Governor's Office and Board of Supervisors' Office, asking them to defeat the landfill dump.

Mrs. Robert Doe, president, announced in observance of Arbor Day at Beauvoir Feb. 12, a tree will be planted. Five other trees will be planted in the Pass Christian area in honor of deceased members of the garden club.

Mrs. Otis Trapanier, Civic Committee chairman, reported that 30 historical trees have been registered. She displayed a certificate which is given to each owner of a registered tree.

Mrs. William Leapey reminded members that the Craft Club meetings are held alternately on Tuesdays at 10 a.m. The Feb. 9 meeting will be at her home.

The meeting concluded with refreshments served by the hostesses Mrs. A. H. Lasseigne, Mrs. Harry Wittmann and their co-hostesses.

Next business meeting will be March 3 in the Hancock Bank Civic Center at 11 a.m.

#### POWER OF PICTURES

TV was there. Television news covers the world to bring assassinations, wars, demonstrations and terrorist incidents into the living rooms of America.

Mississippi ETV viewers will take a journey into the past to relive such events as the Kennedy assassination, Vietnam, anti-war demonstrations, the civil rights movement and Watergate when "Television presents "News: The Power of Pictures" at 8 p.m., Monday, Feb. 15, on Mississippi ETV.

First Assembly of God Church in Waveland was the setting for the December 19 marriage of Sally Ann May and Joseph Anthony (Tony) Pode, both of Waveland. The Reverend Mickey Green officiated at the double ring afternoon ceremony before gothic candelabra with tall tapers flanked with pink and white poinsettias.

The bride is the daughter of Billy Allen May of Decatur, Miss. and Nell D. Woodall of Waveland. The groom's parents are Earl T. and Dollie D. Pode of Poplarville.

Musical selections were presented by pianist Mrs. Wanda May of Baton Rouge, La. and vocalists Cheryl Thomas of Waveland and Kelly Smith of Picayune.

Given in marriage by her brother, Bob May, the bride chose a tea length gown of white seville lace over satin in a sheath style. The sabrina neckline was appliqued with beaded and sequined venise lace. The long, tapered sleeves were edged with schiffli embroidered lace and matching lace bordered the tunic overlay above a flared, high-low hemline.

She wore a teardrop style headpiece decorated with venise lace with attached pouf of illusion and streamers at the back.

The bride carried a small silk cascade bouquet of white silk rosebuds, baby's breath, stephanotis and English ivy interspersed with iridescent ribbon and satin

streamers.

Kathy McDonald of Decatur attended her sister as matron of honor.

Lainey Sellier of Waveland was maid of honor.

The attendants were attired in tea length gowns of emerald green taffeta, each with asymmetrical neckline with self-bow at the shoulder and long, tapered sleeves. Asymmetrical styling was repeated at the waist above a full flared skirt.

They carried pink silk poinsettias decorated with sparkle gypsophilla and iridescent and pink satin ribbon streamers.

Sonny Archer of Picayune was best man.

Ronnie Vaughn of Picayune was groomsmen.

Ushers were Brad O'Conner of Boone, N. C., nephew of the groom, and Doug Hayes of Waveland.

The bride's mother was attired in an ivory dress of georgette crepe with soft pleated blouson styling, venise lace collar on a V-neckline and softly gathered skirt.

Mrs. Pode chose a grey crepe dress with high neckline and self-tie, vertical panels on the bodice and flared skirt with satin sash.

A reception followed at The Happy House. Assisting were Kathleen Martin of Hattiesburg; Kelly Paul of Bay St. Louis and Shannon McDonald of Decatur.

On return from a wedding trip to the Appalachian Mountains, the couple resides in Waveland.

### American Legion Auxiliary Unit 139

On Thursday, Feb. 4, the Clement R. Bontemps Auxiliary Unit 139 held its regular monthly sing-a-long at the Hotel Reed Nursing and Retirement Home for the residents.

Mrs. Lena Mae Oustalet who usually plays the piano was ill and a mutual friend suggested Mayor Vic Frankiewicz as a substitute. Mrs. Roslyn Weathers called on the mayor and he accepted; they went on with the program of psalms, spirituals and 'oldies but goodies.' The residents enjoyed the singing and music. Before he left, Mayor Frankiewicz went to each resident and shook hands with them. Many thanks for helping. You are truly a friend in need.

The Feb. 8 meeting was opened by President Mattie North, and the colors were advanced by Color Bearers Christie LaFontaine and Patricia Gillan. Chaplain Roslyn Weathers read the opening prayers. The Pledge of Allegiance was recited followed by the recitation of the Preamble.

Mrs. North introduced State President Phyllis Moran and pinned a corsage on her as a token of her official visit to Unit 139 even though she is a regular member of this unit.

There was a presentation of gifts to commemorate this occasion and a program on the word 'welcome,' which was written by Mrs. Lander.

Mrs. Danita Scianna, secretary, took the roll call of officers and then read the minutes of the previous meeting. Mrs. Anna Brehm read the treasurer's report.

VASC Chairlady Hazel Wohlschlegel announced the ice cream and cake party for Tuesday, Feb. 16 and the picnic, which will take place on Wednesday, Feb. 17, activities the veterans look forward to each month.

Vice-president Rose Ann Thomas announced the numbers in the membership, and there were a few new members present.

Mrs. Roslyn Weathers, community service, told of the good time that was enjoyed by the residents at the Hotel Reed sing-a-long and the support of the mayor which really helped to make it a success.

Mrs. Lucille Boudreaux, legislative chairlady, read a report on two bills pending in the Senate and the House of Representatives pertaining to the veterans.

Plans were made for a birthday party of the American Legion on March 11.

There are many activities planned for the month of April; more news on these things next month.

There were refreshments served and everyone enjoyed the visit of State President Phyllis Moran. It is always a pleasure to have her at our meetings.

### ETV airs weekly report by Gov. Mabus

Mississippi ETV is airing a two-minute report by Gov. Ray Mabus every Friday evening between "The MacNeil/Lehrer NewsHour" and "The Nightly Business Report."

"The Governor's Weekly Report," a Mississippi ETV production taped earlier in the day, airs at approximately 6:58 p.m., every Friday.

"I will outline my hopes and goals for Mississippi and how we can achieve them," Mabus has said of his weekly segments on ETV.

Mississippi ETV offers production time to each new governor. Recent governors have declined the offer; Cliff Finch was the last to accept, with a monthly hour-long talk and call-in show.

Kevin Vandenberg, the governor's press secretary, explained that Mabus opted for the brief weekly reports on ETV as a means of communicating with the people of Mississippi.

The Governor's office also will offer transcripts of the audio tapes to the news media, according to Vandenberg.

# EXPERIENCE COUNTS.

## THE HEART TEAM'S HERE.

### St. Tammany Parish's Pioneer in Cardiology Treatment.

In 1985, Slidell Memorial Hospital pioneered cardiology treatment in St. Tammany Parish with the development of the area's first comprehensive cardiac treatment and rehabilitation center. Since then, we've been recognized as the first hospital in St. Tammany Parish to perform bypass surgery, as well as the area's first hospital to perform cardiac catheterization. Today, Slidell Memorial continues to provide residents throughout the region with the specialized equipment and experienced professionals needed to handle all types of cardiology problems, from diagnosis to rehabilitation.

### St. Tammany Parish's Most Experienced Cardiac Surgical Team.

Since opening our Cardiology Center, Slidell Memorial Hospital's Heart Team has performed over 2300 cardiology procedures and over 250 bypass surgeries. With many of the area's most experienced professionals, our Heart Team includes eight highly trained cardiac surgeons and cardiologists, who lead a team of nearly 100 other heart specialists—cardiac techni-

cians and nurses and rehabilitation therapists. Together, Slidell Memorial's Heart Team has the proven experience that counts in cardiac care.

### St. Tammany Parish's Latest Cardiac Techniques and Technology.

Since opening in 1985, Slidell Memorial's Cardiology Center has maintained the latest in cardiac procedures and equipment. Our comprehensive cardiology services include:

- Stress Testing
- Bypass Surgery
- Diagnostics
- Cardiac Catheterization
- Ultrasound
- Balloon Angioplasty
- Medical ICU
- Fully-Equipped Surgical Facilities

### St. Tammany Parish's Most Advanced Cardiac Rehabilitation Center.

To assure the highest level of recovery, cardiac rehabilitation must pick up where surgery stops. Slidell Memorial's complete 3-Phase Rehabilitation Program does just that.

1. Complete Pre-Surgery Overview
2. Post-Surgery Education and Exercise

Program Monitored by Cardiologists and Exercise Physiologists

3. Outpatient Program for Behavioral and Physical Reconditioning (Daily Scheduling Available to Fit Patient Needs)

With rehabilitation designed to meet all the recovery needs of the cardiac patient, Slidell Memorial's 3-Phase Program plays the vital role of transitioning the cardiac patient from surgery to healthy, comfortable, everyday living.

## PRM to present live coverage of 'The Texas Debates'

PRM will present live coverage of "The Texas Debates," featuring the Democratic presidential candidates on Thursday, Feb. 18, at 8 p.m., followed by the Republican presidential candidates on Friday, Feb. 19, at 8 p.m.

Coming just two days after the New Hampshire primary, the two-hour debates will be the first major events in the campaign leading up to March 8, "Super Tuesday," when voters in Texas and 19 other Southern and near-Southern states will go to the polls.

"The Texas Debates" will be hosted by Roger Mudd, a regular contributor to PBS' "The MacNeil-Lehrer NewsHour." Joining Mudd to question the candidates will be Atlanta Mayor Andrew Young and Martin Anderson, a senior fellow at Stanford University's Hoover Institute.

Public Radio in Mississippi, a division of Mississippi ETV, is broadcast statewide and from Biloxi FM frequency 90.3.

Mississippi ETV will televise the debates on a delayed basis: at 9 p.m., Thursday and Friday, Feb. 18 and 19.

## for women only...

The REGIONAL WOMEN'S CENTER at SLIDELL MEMORIAL HOSPITAL presents a series of lectures and discussion groups for women.

### HIDDEN ADDICTIONS: COPING WITH SUBSTANCE ABUSE

Friday, Feb. 19, 12:00

Many women occasionally use some type of chemical to adjust their moods: tobacco, alcohol, tranquilizers or powerful drugs such as cocaine. When drug use leads to dependency, it's called addiction. Today, statistics suggest that the problem among women is growing. Women are especially vulnerable to addiction during certain stressful points in their lives. DR. KEN ROY, Medical Director of THE LIVING CENTER, a new outpatient substance abuse program available at SMH, will present a discussion on coping with substance abuse. Dr. Roy is a Certified Addictionologist who works in the field of alcohol and drug addiction and works with families of chemically dependent people. A description of THE LIVING CENTER Program will be presented by MARCELLA FLANAGAN, R.N. Postponed until April 8.

### WOMEN AND RUNNING

Saturday, Feb. 20, 8:30 a.m.

Sponsored by the Sports Medicine Center of SMH, this presentation is a part of a series of clinics held in conjunction with the CRESCENT CITY CLASSIC Road Race. DR. JASON H. COLLINS, OB/GYN will speak on the topic of sports gynecology. Dr. Collins will cover common myths about women and exercise and some of the problems it may cause. To pre-register for this clinic or for information on the other clinics offered, call the Sports Medicine Center. FREE!

### WEIGHT MANAGEMENT-PLUS

Tuesday, Feb. 23, 12:00

There are four keys to success in weight control, DIET, EXERCISE, BEHAVIOR MODIFICATION AND GROUP SUPPORT. The focus of this program will be teaching successful methods for weight management. PAULA BROWN, M.S., R.D., Chief Clinical Dietitian, SMH will offer some good nutrition guidelines and show you how to turn your eating style around. And just as important as good nutrition is exercise. An exercise plan that is right for you requires an understanding of available exercise options and their benefits. JANE KUEBEL, Program Coordinator for the Sports Medicine Center will offer some advice to help you make the right exercise choice! FREE. Pre-REGISTRATION REQUESTED.

All Sessions to be held in the Women's Resource Suite  
Call 646-0560 for additional information.  
All Classes Are Free.

## Senior Citizens Happenings

By EVE McDONALD

### Mardi Gras Party

Don't forget, Friday Feb. 12th at 12 noon is our king cake and Mardi Gras party. Come dressed in costume to make this a more special occasion for all.

Ruth's Bakery is providing a huge king cake and we will have prizes. Eastover Bank for Savings is providing the door prize and Peoples Federal Savings & Loan is furnishing prizes for the 2 best costumes.

### Travel Club

Dog Track trips are planned for Feb. 29th and March 28th. The price for these trips is \$22 and includes transportation, entrance, lunch and program. Good luck!!

The other trip being planned now is to Los Angeles and Las Vegas. They leave April 16-24th and the price for this trip is \$678 per person, double occupancy.

For more information on these trips call Tuleter Oliver at 467-9292 in the mornings from 8:30 - 10:00 a.m.

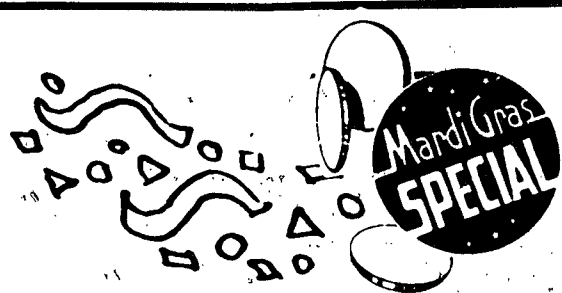

### Conference On Aging

March 23-25th is the annual joint conference on aging for the State of Mississippi. It will be held at the Biloxi-Hilton Hotel in Biloxi. If you are interested in attending, or want more information, call Eve McDonald at 467-9292.

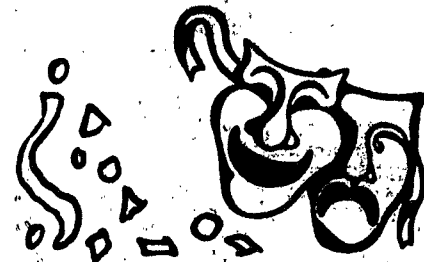

Q. One of the largest peacetime mobilizations of the Mississippi National Guard was in 1927. Why?  
A. The Flood of 1927. The Guard patrolled the Mississippi River levees for 70 miles and rescued, evacuated and established camps for more than 30,000 Mississippi Delta refugees.

## ORDINANCE NO. 2,005

AN ORDINANCE TO ESTABLISH RULES AND REGULATIONS FOR SHRIMPING

WHEREAS, the Mississippi Commission on Wildlife Conservation has determined that shrimp regulations are necessary for the protection, conservation, and propagation of shrimp in the waters under the territorial jurisdiction of the State of Mississippi; and

WHEREAS, the Mississippi Commission Wildlife Conservation has determined that such regulations are in the best interest of the State of Mississippi and the seafood industry to promote the protection, conservation, and propagation of shrimp in the waters under the territorial jurisdiction of the State of Mississippi; and

WHEREAS, the Mississippi Commission on Wildlife Conservation is authorized by Section 49-15-15 of the Mississippi Code of 1972, Annotated, to enact all regulations necessary for the protection, conservation and propagation of all shrimp, oysters, commercial fish and crabs in the waters under the territorial jurisdiction of the State of Mississippi; now therefore,

BE IT ORDAINED BY THE MISSISSIPPI COMMISSION ON WILDLIFE CONSERVATION THAT:

Section 1. Except for a test or try trawl, it shall be unlawful for any boat or vessel to use more than two (2) trawls provided that when two (2) trawls are used such trawls shall not exceed a length of twenty-five (25) feet on the corkline and thirty-two (32) feet on the lead line for each trawl when employed in the waters under the territorial jurisdiction of the State of Mississippi north of a line beginning at a point on the Louisiana - Mississippi border due south of the Intracoastal Waterway Grand Island Channel and Marianne Channel; thence running due north to said "Light 1", thence northeasterly, along the Marianne Channel, through "Bouy 22", "Light 18" (F1 R 4 Sec 17N 3M), "Bouy 12", "Light 6" (F1 R 4 Sec 17N 3M), thence northeasterly along the most direct line, to "Lighted Bouy 7" (F1 G 6 Sec 4M); thence easterly, along the most direct line, to "CAT ISLAND WEST END CHANNEL LIGHT" (F1 W 4 Sec 30N 3M), located approximately 2.2 miles due west of Cat Island; thence easterly, along the most direct line, to the westernmost point of Cat Island; thence running northeasterly, following the northern shore, to the northeasternmost point of Cat Island; thence southeasterly, along the most direct line, to the westernmost point of West Ship Island; thence easterly, following the northern shore, to the easternmost point of West Ship Island; thence easterly along the most direct line, to the westernmost point of East Ship Island; thence easterly following the northern shore to the easternmost point of East Ship Island; thence easterly, along the most direct line, to the westernmost point of Horn Island; thence easterly, following the northern shore, to the easternmost point of Horn Island; thence easterly, along the most direct line, to the westernmost point of Petit Bois Island; thence easterly, following the northern shore, to the easternmost point of Petit Bois Island; thence due east to a point on the Mississippi-Alabama border. This regulation shall not apply to the waters under the territorial jurisdiction of the State of Mississippi south of the line described herein.

Section 2. It shall be unlawful for any person, firm, or corporation to use any single trawl for the catching or taking of shrimp in the waters under the territorial jurisdiction of the State of Mississippi north of the line described in Section 1 of this Ordinance with a measurement of more than fifty (50) feet along the cork line or more than sixty (60) feet along the lead line, continuous measurement. In addition to the aforesaid measurements, the wings of push-nets (trawls kept open by rigid supports or poles and pushed from behind) shall be secured to the rigid supports or poles for a distance not to exceed twenty-four (24) feet on each side.

Section 3. Shrimping season in waters under the territorial jurisdiction of the state of Mississippi north of the Intracoastal Waterway shall be closed in accordance with Section 49-15-15 of the Mississippi Code of

1972, Annotated, each year from January 1 until it is opened by the Mississippi Commission on Wildlife Conservation. In addition to the above described waters, shrimping season shall also be closed each year from January 1 until it is opened by the Mississippi Commission on Wildlife Conservation in waters under the territorial jurisdiction of the State of Mississippi north and west of a line beginning at "Bouy 12" in the Cat Island Channel; thence running northeasterly, along the most direct line, to "CAT ISLAND WEST END CHANNEL LIGHT" (F1 W 4 Sec 30N 3M) located approximately 2.2 miles due west of Cat Island; thence easterly, along the most direct line, to the westernmost point of Cat Island; thence running northeasterly, following the northern shore, to the northeasternmost point of Cat Island; thence southeasterly, along the most direct line, to the westernmost point of West Ship Island; thence easterly and northeasterly following the eastern boundary of the Ship Island Pass and Gulfport Channels, to the intersection of the Intracoastal Waterway with the Gulfport Channel.

Section 4. It shall be unlawful for any person, firm or corporation to use any test or try trawl for the catching or taking of shrimp in the waters under the territorial jurisdiction of the State of Mississippi north of the line described in Section 1 of this Ordinance with a measurement of more than twelve (12) feet along the cork line or more than fifteen (15) feet along the lead line, or used with boards or doors more than thirty (30) inches in length.

Section 5. It shall be unlawful for any person, firm, or corporation to catch or take, attempt to catch or take, or to possess any shrimp taken from the waters under the territorial jurisdiction of the State of Mississippi that are closed to shrimping by order of the Mississippi Commission on Wildlife Conservation or by State Statute, provided, however, that this section shall not apply to shrimp caught legally by properly licensed live bait boats in areas opened to live bait shrimping.

Section 6. It shall be unlawful for any person, firm, or corporation to wash, drag, or pull a trawl or try net on top of the water or under the water with the bag tied or untied in any area of the territorial waters of the State of Mississippi which are closed to shrimping. Further, it shall be unlawful for any person, firm, or corporation to wash, drag, or pull double or multiple rigs on top of the water or under the water with the bags tied or untied in any area of the territorial waters of the State of Mississippi which are closed to the use of double rigs.

Section 7. In determining the legal size of shrimp, three (3) pounds of shrimp with the heads on shall be taken at random from the deck of each boat or vessel. Said three (3) pounds of shrimp shall be counted and the number of shrimp shall be divided by three (3). In the event the result totals more than six-eighths (6/8), the entire catch shall be forfeited to the State of Mississippi and the operator of said boat or vessel shall be in violation of Section 49-15-15 (h) of the Mississippi Code of 1972, Annotated.

Section 8. Any person, firm, or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction shall be penalized in accordance with Section 49-15-53 of the Mississippi Code of 1972, Annotated. Violations of more than one section or subsection of this Ordinance, or part thereof, shall be considered separate offenses and punished as such.

Section 9. Each section and subsection of this Ordinance shall be declared separate, and if any section or subsection or part thereof shall be held invalid or unconstitutional, the balance of said ordinance shall remain in full force and in effect.

This Ordinance shall be in effect and be in force from and after 12:01 A.M. the 15th day of February, 1988.

asleep in the back of the vehicle and  
her male companion rode in the  
front with the driver.

The trio stopped in Slidell where  
the woman's companion gave the  
driver \$20 for gas, the sheriff said.

As they approached the Hwy.  
603-Kiln exit, the Skylark driver told  
the man he was getting tired and the  
man offered to drive the rest of the  
way, the sheriff added.

The driver stopped the Skylark at  
the Hwy. 603 exit then drove off  
when the man got out of the car to  
trade seats with him.

The man told investigators he ob-  
tained a ride to Diamondhead where  
he called the Hancock County  
Sheriff's Department.

Peterson said Hancock County is  
investigating the matter as a kid-  
napping and the Federal Bureau of  
Investigation, Mississippi Highway  
Patrol, Louisiana State Police are  
also working on the case in addition  
to St. Tammany Parish authorities.

Peterson declined to speculate  
about whether the woman was dead  
or alive when she was dropped off on  
the interstate, or if she was alive,  
whether she could have been killed  
by a vehicle in reduced visibility  
caused by severe weather in the  
area late Sunday night and early  
Monday morning.

## delays school ember pick

By BRENDA HEATHCOCK

The Bay St. Louis City Council will  
meet Tuesday to determine who will  
replace Bay St. Louis-Waveland  
School Board member Reginald  
Robinson.

The appointment was expected to  
be made at Wednesday night's  
meeting but the council recessed un-  
til Feb. 23 to allow extra time before  
making the appointment.

Robinson's term will expire at the  
end of this month.

The new school board member  
will serve a five year term, begin-  
ning the first Saturday in March.

Bay St. Louis Mayor Victor J.  
Frankiewicz says this is a critical  
appointment for the school system.

"It is critical because the school  
system is in a state of change with  
the building program going on, cur-  
riculum changes being made and  
evaluation for accreditation by the  
state department of education," he  
said.

"The new school board appoint-  
ment will help guide this school  
system toward being one of the  
state's top notch educational  
systems," he added.

"The district has the potential to  
be a top ranked system in the state  
and we have to continue building a  
team which realizes the potential is  
here and will work to make it hap-  
pen," Frankiewicz added.

In recent matters the board has  
frequently been plagued by 3-2 votes  
and Robinson who is up for replace-  
ment was the swing vote in many  
cases.

Because of the high number of 3-2  
decisions, the new school board  
member will significantly affect the  
balance of power on the board.

Residents reportedly under con-  
sideration for the position include  
Philip Williams, Willie Bradley,  
Geraldine Lang and Marilyn  
Williams.

She was 35, Peterson said. He con-  
firmed that a description of the body  
published in the Tuesday New  
Orleans Times-Picayune matched  
that of the woman reported missing  
at about 4 a.m. Monday.

The body had been discovered at  
about 3:40 a.m.

The report came from the kidnap-  
ped woman's male companion, who  
flagged down a ride to Diamondhead  
after he had been left at the Highway

cent to a carport. Three other trees were destroyed in a  
yard next to the Lofton residence, and nearby the R.D.  
Russell family of St. Joseph Street reported gathering in

a hallway when they heard tornado winds Sunday night  
which removed the furniture from their front porch. On  
Combell Street a pine tree fell across a powerline forc-  
ing the Waveland Fire Department to go to auxiliary  
power. Russell said with the winds as strong as they  
were, the people of the neighborhood were fortunate  
damages were not more severe and that no one was in-

## l delays school member pick

HCOCK  
Council will  
frequently be  
replace Bay St. Louis-Waveland  
School Board member Reginald  
Robinson.  
The appointment was expected to  
be made at Wednesday night's  
meeting but the council recessed un-  
til Feb. 23 to allow extra time before  
making the appointment.  
Robinson's term will expire at the  
end of this month.  
The new school board member  
will serve a five year term, begin-  
ning the first Saturday in March.  
Bay St. Louis Mayor Victor J.  
Frankiewicz says this is a critical  
appointment for the school system.  
"It is critical because the school  
system is in a state of change with  
the building program going on, cur-  
riculum changes being made and  
evaluation for accreditation by the  
state department of education," he  
said.  
"The new school board appoint-  
ment will help guide this school  
system toward being one of the  
state's top notch educational  
systems," he added.  
"The district has the potential to  
be a top ranked system in the state  
and we have to continue building a  
team which realizes the potential is  
here and will work to make it hap-  
pen," Frankiewicz added.  
In recent matters the board has  
frequently been plagued by 3-2 votes  
and Robinson who is up for replace-  
ment was the swing vote in many  
cases.  
Because of the high number of 3-2  
decisions, the new school board  
member will significantly affect the  
balance of power on the board.  
Residents reportedly under con-  
sideration for the position include  
Philip Williams, Willie Bradley,

## Poll worker classes scheduled

Poll workers for the March 8 Hancock County Democratic and Republican executive committee electors will be required to attend one of five scheduled election procedure classes.  
Class times and dates are Monday, Feb. 22, Hancock North Central School; Tuesday, Feb. 23, Kiln Community Center; Wednesday, Feb. 24, Lakeshore Gulfview School; Thursday, Feb. 25, Hancock County Courthouse; and Friday, Feb. 26, Waveland Library.  
All classes start at 7 p.m.  
"We look forward to seeing you at one of the classes. If you have any questions or if you are not interested in working, please contact the Democratic or Republican Executive Committee," said Hilda Bourg of Diamondhead, Democratic Executive Committee chair.  
Republican Executive Committee spokesman is Dr. Mike Smith of Bay St. Louis, 467-9608.

## Republican executive committee seeking poll workers for March 8 election

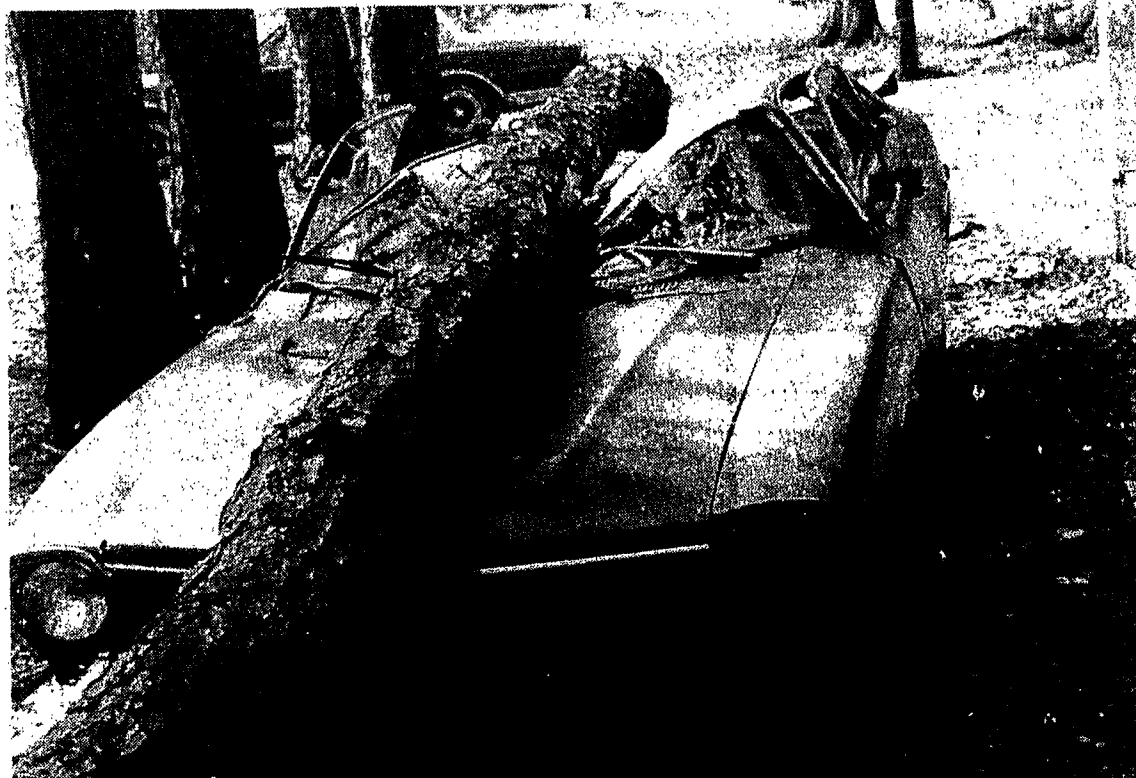

B. BRENDA HEATHCOCK  
The Hancock County Republican Executive Committee is seeking workers for the March 8 primary election.  
"We would like anyone interested in working in the various precincts during the March 8 election to contact any member of the Republican executive committee or myself," according to Mike Smith, county chair-

man of the Republican Executive Committee.  
Five election procedures classes are currently scheduled in Hancock County to prepare workers for their duties in the election.  
All workers including those who have assisted at previous elections will be required to attend one of these classes.  
Class time and dates are as follows:  
Monday, Feb. 22, Hancock North Central School; Tuesday, Feb. 23, Kiln Community Center; Wednesday, Feb. 24, Lakeshore Gulfview School; Thursday, Feb. 25, Hancock County Courthouse; and Friday, Feb. 26, Waveland Library.  
All classes start at 7 p.m.

## Republican executive committee seeking poll workers for March 8 election

**By BRENDA HEATHCOCK**  
The Hancock County Republican  
Executive Committee is seeking  
workers for the March 8 primary  
election.

"We would like anyone interested  
in working in the various precincts  
during the March 8 election to con-  
tact any member of the Republican  
executive committee or myself," ac-  
cording to Mike Smith, county chair-

man of the Republican Executive  
Committee.

Five election procedures classes  
are currently scheduled in Hancock  
County to prepare workers for their  
duties in the election.

All workers including those who  
have assisted at previous elections  
will be required to attend one of  
these classes.

Class time and dates are as  
follows:

Monday, Feb. 22, Hancock North  
Central School; Tuesday, Feb. 23,  
Kiln Community Center; Wednes-

day, Feb. 24, Lakeshore Gulfview  
School; Thursday, Feb. 25, Hancock  
County Courthouse; and Friday,  
Feb. 26, Waveland Library.

All classes start at 7 p.m.

## Democratic poll workers listed

Hancock County Democratic Ex-  
ecutive Committee has approved the  
following poll workers for Super  
Tuesday Presidential Primary Elec-  
tion May 8:

**DISTRICT ONE**  
Ansley: Bessie LaFontaine (RM)  
(Box Return Manager), Sandra  
Evans and Bernice Singley.  
Lakeshore: Iona LaFontaine

(RM), Shirley Hudson, Leola Stouf-  
flet, Alberta M. Green and Bonnie  
LaFontaine.

positive mood.

In addition to the white wind-  
breaker with "University of  
Alabama Crimson Tide" written in  
red on the left side and a red knit  
sweater with "Bama" on the left  
side, she wore a red bra, red tights,  
black size 10 Sync brand jeans, red  
socks, white size seven-and-one-half  
L.A. Gear brand sneakers and a gold  
chain with a 1914 gold coin pendant  
on it.

She was 35, Peterson said. He con-  
firmed that a description of the body  
published in the Tuesday New  
Orleans Times-Picayune matched  
that of the woman reported missing  
at about 4 a.m. Monday.

The body had been discovered at  
about 3:40 a.m.

The report came from the kidnap-  
ped woman's male companion, who  
flagged down a ride to Diamondhead  
after he had been left at the Highway

meet Tuesday to determine who will  
replace Bay St. Louis-Waveland  
School Board member Reginald  
Robinson.

The appointment was expected to  
be made at Wednesday night's  
meeting but the council recessed un-  
til Feb. 23 to allow extra time before  
making the appointment.

Robinson's term will expire at the  
end of this month.

The new school board member  
will serve a five year term, begin-  
ning the first Saturday in March.

Bay St. Louis Mayor Victor J.  
Frankiewicz says this is a critical  
appointment for the school system.

"It is critical because the school  
system is in a state of change with  
the building program going on, cur-  
riculum changes being made and  
evaluation for accreditation by the  
state department of education," he  
said.

**STORM DAMAGE**—This vehicle on Amelda Street in  
Waveland was destroyed early Monday morning as a  
thunderstorm and strong winds passed through the  
area. May Lofton said she and her family had just gone  
to bed when they heard a big noise as a pine tree in her  
yard snapped and fell, destroying the car parked adja-  
cent to a carport. Three other trees were destroyed in a  
yard next to the Lofton residence, and nearby the R.D.  
Russell family of St. Joseph Street reported gathering in

a hallway when they heard tornadoic winds Sunday night  
which removed the furniture from their front porch. On  
Combell Street a pine tree fell across a powerline forc-  
ing the Waveland Fire Department to go to auxiliary  
power. Russell said with the winds as strong as they  
were, the people of the neighborhood were fortunate  
damages were not more severe and that no one was in-  
jured. (Staff photo by Ellis Cuevas)

The new school board appointment will help guide this school system toward being one of the state's top notch educational systems," he added. "The district has the potential to be a top ranked system in the state and we have to continue building a team which realizes the potential is here and will work to make it happen," Frankiewicz added. In recent matters the board has frequently been plagued by 3-2 votes and Robinson who is up for replacement was the swing vote in many cases. Because of the high number of 3-2 decisions, the new school board member will significantly affect the balance of power on the board. Residents reportedly under consideration for the position include Philip Williams, Willie Bradley, Geraldine Lang and Marilyn Williams.

Orleans Times-Picayune matched  
that of the woman reported missing  
at about 4 a.m. Monday.  
The body had been discovered at  
about 3:40 a.m.  
The report came from the kidnap-  
ped woman's male companion, who  
flagged down a ride to Diamondhead  
after he had been left at the Highway

**STORM DAMAGE**—This vehicle on Amelda Street in  
Waveland was destroyed early Monday morning as a  
thunderstorm and strong winds passed through the  
area. May Lofton said she and her family had just gone  
to bed when they heard a big noise as a pine tree in her  
yard snapped and fell, destroying the car parked adja-  
cent to a carport. Three other trees were destroyed in a  
yard next to the Lofton residence, and nearby the R.D.  
Russell family of St. Joseph Street reported gathering in

a hallway when they heard tornado winds Sunday night  
which removed the furniture from their front porch. On  
Combell Street a pine tree fell across a powerline forc-  
ing the Waveland Fire Department to go to auxiliary  
power. Russell said with the winds as strong as they  
were, the people of the neighborhood were fortunate  
damages were not more severe and that no one was in-  
jured. (Staff photo by Ellis Cuevas)

## Republican executive committee seeking poll workers for March 8 election

By **BRENDA HEATHCOCK**  
The Hancock County Republican  
Executive Committee is seeking  
workers for the March 8 primary  
election.  
"We would like anyone interested  
in working in the various precincts  
during the March 8 election to con-  
tact any member of the Republican  
executive committee or myself," ac-  
cording to Mike Smith, county chair-

man of the Republican Executive  
Committee.  
Five election procedures classes  
are currently scheduled in Hancock  
County to prepare workers for their  
duties in the election.  
All workers including those who  
have assisted at previous elections  
will be required to attend one of  
these classes.

Class time and dates are as  
follows:  
Monday, Feb. 22, Hancock North  
Central School; Tuesday, Feb. 23,  
Kiln Community Center; Wednes-  
day, Feb. 24, Lakeshore Gulfview  
School; Thursday, Feb. 25, Hancock  
County Courthouse; and Friday,  
Feb. 26, Waveland Library.  
All classes start at 7 p.m.

her male companion rode in the  
front with the driver.  
The trio stopped in Slidell where  
the woman's companion gave the  
driver \$20 for gas, the sheriff said.  
As they approached the Hwy.  
603-Kiln exit, the Skylark driver told  
the man he was getting tired and the  
man offered to drive the rest of the  
way, the sheriff added.  
The driver stopped the Skylark at  
the Hwy. 603 exit then drove off  
when the man got out of the car to  
trade seats with him.  
The man told investigators he ob-  
tained a ride to Diamondhead where  
he called the Hancock County  
Sheriff's Department.  
Peterson said Hancock County is  
investigating the matter as a kid-  
napping and the Federal Bureau of  
Investigation, Mississippi Highway  
Patrol, Louisiana State Police are  
also working on the case in addition  
to St. Tammany Parish authorities.  
Peterson declined to speculate  
about whether the woman was dead  
or alive when she was dropped off on  
the interstate, or if she was alive,  
whether she could have been killed by  
a vehicle in reduced visibility  
caused by severe weather in the  
area late Sunday night and early  
Monday morning.

## il delays school member pick

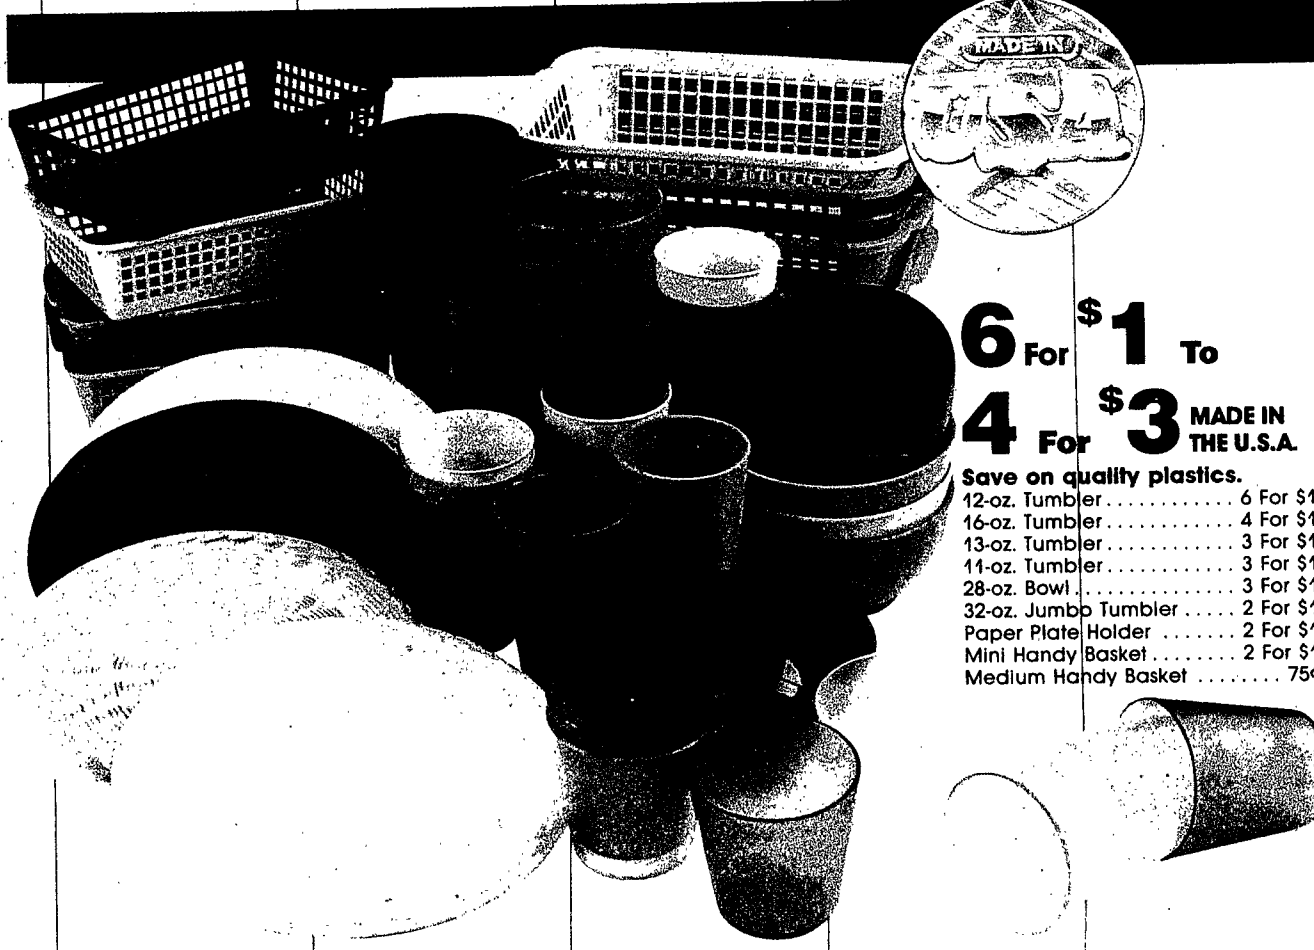

THCOCK  
ty Council will  
meet Tuesday to determine who will  
replace Bay St. Louis-Waveland  
School Board member Reginald  
Robinson.  
The appointment was expected to  
be made at Wednesday night's  
meeting but the council recessed un-  
til Feb. 23 to allow extra time before  
making the appointment.  
Robinson's term will expire at the  
end of this month.  
The new school board member  
will serve a five year term, begin-  
ning the first Saturday in March.  
Bay St. Louis Mayor Victor J.  
Frankiewicz says this is a critical  
appointment for the school system.  
"It is critical because the school  
system is in a state of change with  
the building program going on, cur-  
riculum changes being made and  
evaluation for accreditation by the  
state department of education," he  
said.  
"The new school board appoint-  
ment will help guide this school  
system toward being one of the  
state's top notch educational  
systems," he added.  
"The district has the potential to  
be a top ranked system in the state  
and we have to continue building a  
team which realizes the potential is  
here and will work to make it hap-  
pen," Frankiewicz added.  
In recent matters the board has  
frequently been plagued by 3-2 votes  
and Robinson who is up for replace-  
ment was the swing vote in many  
cases.  
Because of the high number of 3-2  
decisions, the new school board  
member will significantly affect the  
balance of power on the board.  
Residents reportedly under con-  
sideration for the position include  
Philip Williams, Willie Bradley,  
Geraldine Lang and Marilyn  
Williams.

driver \$20 for gas, the sheriff said.

As they approached the Hwy.  
603-Kiln exit, the Skylark driver told  
the man he was getting tired and the  
man offered to drive the rest of the  
way, the sheriff added.

The driver stopped the Skylark at  
the Hwy. 603 exit then drove off  
when the man got out of the car to  
trade seats with him.

The man told investigators he ob-  
tained a ride to Diamondhead where  
he called the Hancock County  
Sheriff's Department.

Peterson said Hancock County is  
investigating the matter as a kid-  
napping and the Federal Bureau of  
Investigation, Mississippi Highway  
Patrol, Louisiana State Police are  
also working on the case in addition  
to St. Tammany Parish authorities.

Peterson declined to speculate  
about whether the woman was dead  
or alive when she was dropped off on  
the interstate, or if she was alive,  
whether she could have been killed  
by a vehicle in reduced visibility  
caused by severe weather in the  
area late Sunday night and early  
Monday morning.

The body had been discovered at

City Council will  
meet Tuesday to determine who will  
replace Bay St. Louis-Waveland  
School Board member Reginald  
Robinson.

The appointment was expected to  
be made at Wednesday night's  
meeting but the council recessed un-  
til Feb. 23 to allow extra time before  
making the appointment.

Robinson's term will expire at the  
end of this month.

The new school board member  
will serve a five year term, begin-  
ning the first Saturday in March.

Bay St. Louis Mayor Victor J.  
Frankiewicz says this is a critical  
appointment for the school system.

"It is critical because the school  
system is in a state of change with  
the building program going on, cur-  
riculum changes being made and  
evaluation for accreditation by the  
state department of education," he  
said.

"The new school board appoint-  
ment will help guide this school  
system toward being one of the  
state's top notch educational  
systems," he added.

"The district has the potential to  
be a top ranked system in the state  
and we have to continue building a  
team which realizes the potential is  
here and will work to make it hap-  
pen," Frankiewicz added.

In recent matters the board has  
frequently been plagued by 3-2 votes  
and Robinson who is up for replace-  
ment was the swing vote in many  
cases.

Because of the high number of 3-2  
decisions, the new school board  
member will significantly affect the  
balance of power on the board.

Residents reportedly under con-  
sideration for the position include  
Philip Williams, Willie Bradley,  
Geraldine Lang and Marilyn  
Williams.

## Republican executive committee seeking poll workers for March 8 election

By BRENDA HEATHCOCK

The Hancock County Republican  
Executive Committee is seeking  
workers for the March 8 primary  
election.

"We would like anyone interested  
in working in the various precincts  
during the March 8 election to con-  
tact any member of the Republican  
executive committee or myself," ac-  
cording to Mike Smith, county chair-

man of the Republican Executive  
Committee.

Five election procedures classes  
are currently scheduled in Hancock  
County to prepare workers for their  
duties in the election.

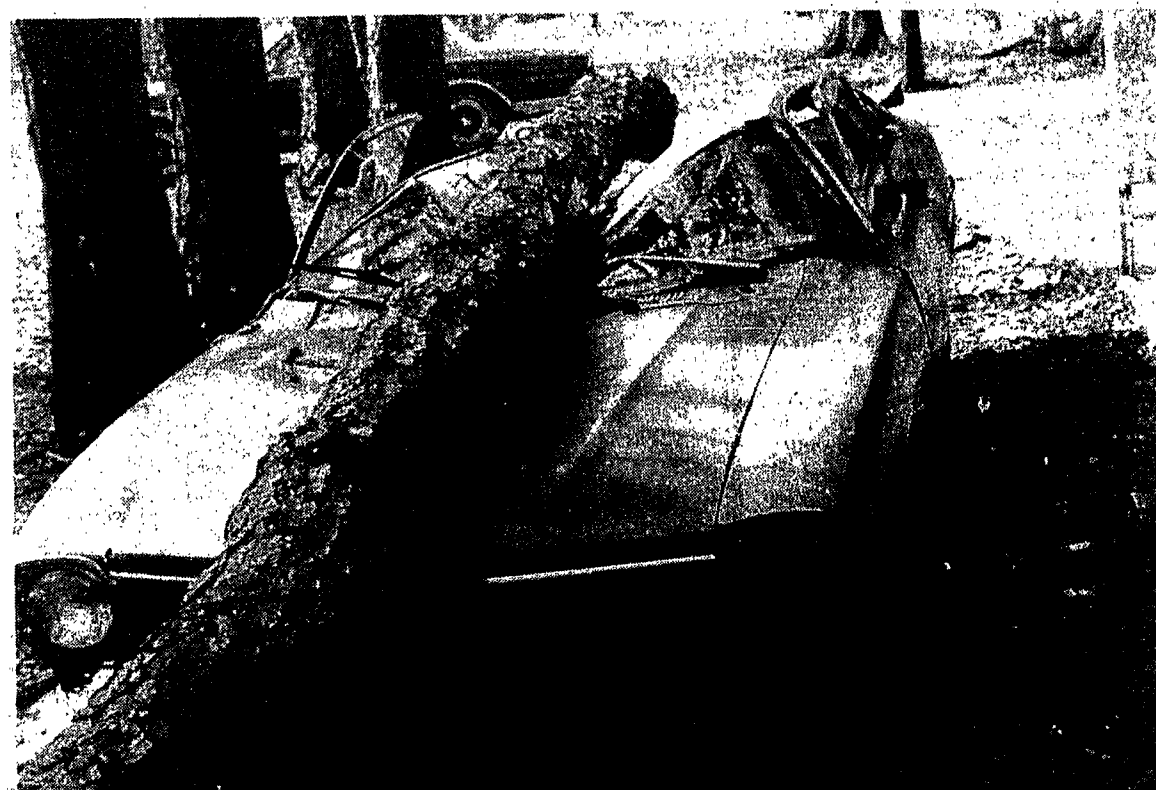

All workers including those who  
have assisted at previous elections  
will be required to attend one of  
these classes.

**STORM DAMAGE**—This vehicle on Amelda Street in  
Waveland was destroyed early Monday morning as a  
thunderstorm and strong winds passed through the  
area. May Lofton said she and her family had just gone  
to bed when they heard a big noise as a pine tree in her  
yard snapped and fell, destroying the car parked adja-  
cent to a carport. Three other trees were destroyed in a  
yard next to the Lofton residence, and nearby the R.D.  
Russell family of St. Joseph Street reported gathering in

a hallway when they heard tornado winds Sunday night  
which removed the furniture from their front porch. On  
Combell Street a pine tree fell across a powerline forc-  
ing the Waveland Fire Department to go to auxiliary  
power, Russell said with the winds as strong as they  
were, the people of the neighborhood were fortunate  
damages were not more severe and that no one was in-  
jured. (Staff photo by Ellis Cuevas)
